How many years have you served: 3 How many terms have you served: 2

Additional comments:

I am interested in helping support and see through the work of the Environmental Action Plan. I work at many levels in the community in a variety of sustainability projects that connect to underserved communities of Harrisonburg and can bring that combined perspective. I also recognize that I have served on EPSAC from its inception, and welcome others to have the chance to work with this committee. With that said, I am also happy to step down to create space for others if that is helpful.
