Proposed B-2C Proffers

1. Only the following uses permitted by right in section 10-3-90 shall be allowed:
 - a) Personal service establishments.
 - b) Governmental, business and professional offices.
 - c) Educational uses.
 - d) Accessory buildings and uses customarily incidental to any of the above listed uses.

2. None of the uses permitted by special use permit shall be allowed.

Proposed B-2C Proffers (continued)

3. Screening along the western property line shall be a six-foot-tall opaque fence and evergreen trees shall be planted and maintained to provide a vegetative buffer parallel to the western property line with intent to create a dense screen, where such evergreens shall be planted at no less than 5 to 7-ft on center and 6-ft in height at the time of planting.
4. Buildings would not be more than two stories, and would be substantially of brick material and of colonial design.
5. Islands would be landscaped by developer and maintained by adjoining property owners.
6. A free-standing sign shall be no taller than 8-ft in height and shall not exceed 60 square feet in area. Building mounted sign shall be no more than 30 square feet in area. There will be no LED or scrolling message board signs on the property.

- An increase in the allowable uses on site from only allowing medical and professional offices to also allowing:
 - personal service establishments,
 - governmental and business offices,
 - educational uses, and
 - accessory buildings and uses customarily incidental to the other permissible uses.
- Screening along the western property line would also include a 6-foot tall opaque fence and more detailed specifics associated with the already proffered vegetative buffer.
- Buildings could be 2 stories rather than only 1.
- Advertising signage would be increased by a total of 66 sq. ft., where a freestanding sign could also be 2 feet taller.
