To: Mr. Mancini

HLLA would like to fund two solar powered scoreboards on Fields 1 and 2 at Purcell Park. We want to purchase them from Time Technologies in the amount of \$18,515. The scoreboard on Field 1 will be 6'x9' and the scoreboard on Field 2 will be 4'x9'. The current scoreboards on those fields have become irreparable and do not work. With permission, we would like to order those in time so that they are installed and ready for our April 6th Opening Day.

Thanks,
Dean Warlitner
President of Harrisonburg Little League
