NOTICE OF PUBLIC HEARING

The Harrisonburg City Council will hold a public hearing **on Tuesday,** October 14, 2014 at 7:00 p.m., or as soon as the agenda permits, in the City Council Chamber located at 409 South Main Street, to conider the following:

Rezoning – EMU Master Plan Change 2014

Public hearing to consider a request from Eastern Mennonite University to rezone 26.6 +/- acres of property zoned R-3, Medium Density Residential District and I-1, Institutional Overlay District by amending their master plan. The amendment includes increasing the allowable height of their previously approved multi-panel array of solar cells resting on carport style structures located on the University Commons parking lot. The amendment also includes eliminating the single width solar cell carport style structure that was previously approved and planned to be located up to 5-feet from the property line along Dogwood Drive. Furthermore, solar panels will now be located on portions of the University Commons building rather than on the roof of the Hillside building. All other specifics of the master plan would remain the same. The subject property is located along Park Road, West Dogwood Drive, and Hillcrest Drive, with short frontages along College Avenue and Smith Avenue. The property is identified as tax map parcel 51-A-1. The Comprehensive Plan designates this area as Institutional. This designation states that these areas are for development by certain nonprofit and public institutional uses such as private colleges and universities, hospitals, offices of nonprofit organizations, community assembly uses and institutions that provide for the shelter and care of people. The Zoning Ordinance states that the R-3, Medium Density Residential District is intended for medium density residential development and other uses intended to respect the residential character, which are aesthetically compatible within the district by means of architectural expression, landscaping, and restrained traffic flow. The residential density ranges for R-3 are single-family, 6,000 sq. ft. minimum; duplex, 4,000 sq. ft/unit townhouses, 2,000 sq. ft. minimum per unit; other uses, 6,000 sq. ft. minimum and by special use permit multi-family, 3,000 sq. ft. minimum per unit. The Zoning Ordinance states that the I-1 Institutional Overlay District is intended to provide for orderly development of certain nonprofit institutional uses and is created as a special overlay district to be superimposed on base districts by approval of City Council. Dimensional and density regulations are intended to supplement those permitted in the

underlying zoning classification. Alley Closing – Adjacent to 40-N-13A & 14 (LFSVA)

Consider a request from Lutheran Family Services of Virginia, Inc. (LFSVA) the sole "member" of Massanutten Street, LLC to close approximately 700 +/- sq. ft. of public alley right-of-way. The entire alley stretches about 660 feet between Jackson Street and West Washington Street, however, the section requested for closure extends from Jackson Street southward about 50 feet. The section to be closed is about 14 feet wide and is adjacent to tax

map parcels 40-N-13A and 14. or any additional information, contact the Community Development Department, 409 South Main Street, Monday through Friday, 8:00am

All persons interested will have an opportunity to express their views

at this public hearing. tion with the public hearing shall notify the City Manager at least five (5) days prior to the date of the meeting.

CITY OF HARRISONBURG

Kurt D. Hodgen

City Manager

9/29: 10/6

PUBLIC NOTICE – Environmental Permit PURPOSE OF NOTICE: To seek public comment on a draft permit from the Department of Environmental Quality that will allow the continued release of treated wastewater into a water body in

Rockingham County, Virginia.

15524 New Market Road, Timberville, VA

First Public Notice Issue Date: 9/29/14 PUBLIC COMMENT PERIOD: 30 days following first public notice

issue date PERMIT NAME AND NUMBER: Virginia Pollutant Discharge Elimination System Permit - Wastewater (Permit No. VA0090263) issued by DÉQ, under the authority of the State Water Control

NAME AND ADDRESS OF APPLICANT: Town of Broadway; 116

Broadway Avenue, Broadway, VA 22815 NAME AND ADDRESS OF FACILITY: Broadway Regional WWTF;

PROJECT DESCRIPTION: The Town of Broadway has applied for reissuance of the referenced permit. The applicant proposes to release treated sewage wastewater at a rate of 2.923 million gallons per day into the North Fork Shenandoah River in Rockingham County in the North Fork Shenandoah River/Holmans Creek watershed. A watershed is the land area drained by a river and its incoming streams. The permit will limit the following pollutants to amounts that protect water quality: organic matter, solids, chlorine, bacteria, ammonia, dissolved oxygen, pH, nutrients, and toxicity. The permit will also allow the continued application of treated wastewater to agricultural lands at standard agronomic rates. Sludge from the treatment process will be land applied by Agri-Sludge, Inc. under the authorization of their VPA Permit.

This facility is subject to the requirements of 9 VAC 25-820 and has registered for coverage under the General VPDES Watershed Permit Regulation for Total Nitrogen and Total Phosphorus Discharges and Nutrient Trading in the Chesapeake Bay Watershed in Virginia. HOW TO COMMENT AND/OR REQUEST A PUBLIC HEARING:

DEQ accepts comments and requests for public hearing by e-mail. fax or postal mail. All comments and requests must be in writing and be received by DEQ during the comment period. Submittals must include the names, mailing addresses and telephone numbers of the commenter/requester and of all persons represented by the commenter/requester. A request for public hearing must also include: 1) The reason why a public hearing is requested. 2) A brief, informal statement regarding the nature and extent of the interest of the requester or of those represented by the requester, including how and to what extent such interest would be directly and adversely affected by the permit. 3) Specific references, where possible, to terms and conditions of the permit with suggested revisions. DEQ may hold a public hearing, including another comment period, if public response is significant and there are substantial, disputed issues relevant to the permit.

CONTACT FOR PUBLIC COMMENTS, DOCUMENT REQUESTS AND ADDITIONAL INFORMATION: Name: Dawn Jeffries

Address: Valley Regional Office

4411 Early Road, P.O. Box 3000, Harrisonburg, Virginia, 22801

Phone: (540) 574-7898 E-mail: dawn.jeffries@deq.virginia.gov Fax: (540) 574-7878 The public may review the draft permit and application at the DEQ office named above.
