Why do you wish to serve on a board or commission?

I wish to be more active and contribute more to the community. I also wish to help make sure that Harrisonburg is a great place to raise a family and for my child to grow up.

What relevant experience or education have you had relative to this field of concern?

While my concentration in manufacturing engineering in the ISAT program at JMU is not relevant to this field and my experience managing restaurants and parts depts is not directly relevant either, I do have lots of experience with inventory, payrolls and other accounting procedures. I think this could be helpful with the duties of this commission

What other interests or concerns do you have regarding the community?

I am very interested in helping to continue the improvements the Harrisonburg area has already started. While helping my wife with her store downtown I have seen many changes first hand and would like to help in making the right changes for the community.

Please list any previous or present involvement. Ex.: City Council, Board and Commissions, Citizen Academy, etc. In Harrisonburg or elsewhere:

I have no prior experience

-Please return completed application to the City Manager's Office-

Applicants may attach a resume or other supporting information that would be helpful to Council in considering their application.
