

# City of Harrisonburg, Virginia Annual Comprehensive Financial Report

Fiscal Year Ended June 30, 2025

*Public Works Administration Building*

# **City of Harrisonburg, Virginia**

Annual Comprehensive Financial Report

For the Fiscal Year Ended June 30, 2025

This Report  
Prepared by Department of Finance

**Report Cover:** The front cover is the new Public Works Administration building located on East Mosby Road. Opened in December 2024, this \$8.5 million project replaced an older outdated structure.

**OFFICE OF THE**  
**CITY MANAGER**

ALEXANDER "ANDE" BANKS, VI, CITY MANAGER  
409 SOUTH MAIN STREET, HARRISONBURG, VA 22801  
OFFICE (540) 432-7701 • FAX (540) 432-7778

November 26, 2025

To the Honorable Mayor, Members of the City Council and the  
Citizens of the City of Harrisonburg:

The Annual Comprehensive Financial Report of the City of Harrisonburg, Virginia (City), for the fiscal year ended June 30, 2025 is hereby submitted in accordance with Section 45 of the *City Charter* and Section 15.2-2511 of the *Code of Virginia*, 1950, as amended. The *City Charter* and the *Code of Virginia* require that the City issue annually a report on its financial position and operations, and that this report be audited by either the state auditor or an independent firm of certified public accountants in accordance with generally accepted auditing standards (GAAS). This report has been prepared by the Department of Finance to conform to the standards of financial reporting as established by the Governmental Accounting Standards Board (GASB), generally accepted accounting principles (GAAP) and the Commonwealth of Virginia Auditor of Public Accounts (APA).

This report consists of management's representations concerning the finances of the City. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed both to protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is accurate in all material respects and is reported in a manner that presents fairly the financial position and results of operations for the City. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

Brown, Edwards & Company, L.L.P., a firm of licensed certified public accountants, have audited the City's financial statements. The goal of the independent audit is to provide reasonable assurance that the financial statements of the City are free of material misstatements. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. This examination was conducted using guidelines set forth by GAAS and the *Specifications for Audits of Counties, Cities and Towns*, issued by the APA. Based upon this audit, the independent auditor concluded that there was a reasonable basis for rendering an unmodified opinion that the City's financial statements for the fiscal year ended June 30, 2020, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditor.

## Profile of the City of Harrisonburg

**Background.** The City was established in 1780 and was named for Thomas Harrison, who donated the land for the Rockingham County Court House, which became the permanent county seat of Rockingham County in 1781. The City was incorporated in 1849 and became an independent city in 1916. It now encompasses 17.3 square miles and serves a population of approximately 56,900.

The City lies in the geographic center of the Shenandoah Valley of Virginia. The Blue Ridge Mountains on the East and the Alleghenies on the West provide protection, so the area is markedly free from climate extremes and disturbances. The Valley floor itself is at an elevation of 1,000 feet while the City's elevation is 1,329 feet. The City is equidistant from Washington, D.C. (124 miles), Richmond, Virginia (116 miles), and Roanoke, Virginia (111 miles).

The City is operated under the Council-Manager form of government. The City Council is the governing body, which formulates policies for the administration of the City. It is comprised of five members elected on an at-large basis to serve four-year terms. The City Council appoints a City Manager to serve as the City's chief administrative officer. The City Manager is responsible for implementing the policies of the City Council, directing business and administrative procedures and appointing departmental officials and certain other City employees.

**Services provided.** The City provides a full range of services including police and fire protection; sanitation services; construction and maintenance of streets and bridges; water and sewer services; public transportation; community development; and parks, recreational activities and cultural events.

The operation of primary and secondary education in the City is the responsibility of the Harrisonburg City School Board (School Board). The City voters elect the six members of the School Board on an at-large basis, who appoint the Superintendent of Schools. The local share of funds for operating public schools in the City is provided by an appropriation from the City's General Fund to the School Board. The School Board, however, is a separate legal entity and autonomous policy-making body in matters governing education.

The City provides court and jail facilities, as well as the services of the Sheriff, Commonwealth Attorney, and Clerk of the Circuit Court through Rockingham County (County). The City reimburses the County one-half of the net expenditures for providing these services. The City is also a member of the Middle River Regional Jail Authority.

The City provides social services through the Harrisonburg-Rockingham Social Services District (District), which is jointly governed with the County. The District is a separate legal entity and is a discretely presented component unit of the County. The City makes contributions to the District based upon its pro rata share of the population for the City and County as a whole.

The City provides emergency communications services through the Harrisonburg-Rockingham Emergency Communications Center (HRECC). The HRECC is a separate legal entity and is a joint venture of the City and the County with the City serving as the fiscal agent. Both the City and the County fund an equal share of HRECC's operations.

Electricity is provided by the Harrisonburg Electric Commission, created by ordinance of the City Council pursuant to the City Charter. The Commission is composed of five members appointed for three-year terms by the City Council and is a separate legal entity.

**Budgetary Compliance and Control.** The City prepares a budget in accordance with Section 60 of the *City Charter* and Section 15.2-2503 of the *Code of Virginia*, 1950, as amended. The *City Charter* requires the City Manager to submit a balanced budget to the City Council at least sixty days prior to the beginning of each fiscal year (July 1). City Council is required to convene a public hearing regarding the City Manager's proposed budget.

The proposed budget, which may be modified by the City Council, is required to be adopted by a majority vote of the City Council members 30 days prior to the beginning of the ensuing fiscal year. City Council appropriates funds for expenditures and establishes tax rates sufficient to produce the revenues needed to pay such expenditures. The *City Charter* requires the annual budget to be balanced and prohibits expenditures for which funds are not available or reasonably expected to be forthcoming in time to meet such expenditures. The *City Charter* also requires the annual budget and the annual appropriation ordinance to make a provision for a reasonable contingency fund.

Budgetary control is maintained at the department level as delineated in the appropriation ordinance. The City Manager is authorized to transfer budgeted amounts within funds other than capital projects funds. Supplemental appropriations, transfers between funds and transfers within capital projects funds require the approval of City Council. Also, supplemental appropriations which exceed one percent of the total expenditures shown in the currently adopted budget require a public hearing prior to approval by City Council. All appropriations lapse at year-end except appropriations for capital projects funds and the Community Development Block Grant (CDBG) Fund. Appropriations for capital projects funds are valid until the end of the project and CDBG fund appropriations are valid until the grant period is completed. Encumbrances outstanding at year-end are generally reappropriated in the following fiscal year. A budget-to-actual comparison is provided in this report for the general fund.

### **Major Initiatives**

The City's staff, following specific directives of the City Council and the City Manager, has been involved in a variety of projects and activities throughout the year. These projects and activities reflect the City's commitment to ensuring that the citizens of Harrisonburg live and work in an enviable environment. The significant projects and activities are as follows:

- Appropriated \$25.9 million for various street improvement projects.
- Appropriated \$5 million for the renovation of the old Municipal Building.
- Appropriated a total of \$2.6 million to supplement ARPA funding for the construction of the Navigation Center, Fire Station No. 5 and the Ralph Sampson Park Spraygrounds.
- Appropriated a total of \$1.9 million for the replacement of a traffic signal and for additional street paving from funding provided by the Virginia Department of Transportation.
- Appropriated a total of \$2.8 million in the Water Fund for various infrastructure asset replacements.
- Appropriated a total of \$1.3 million in the Sewer Fund for various infrastructure asset replacements.
- Appropriated a total of \$1.2 million in the School Transportation Fund for the purchase of three electric school buses with \$600,000 of the funding provided by a federal rebate program.
- Appropriated \$3.3 million in the Public Transportation Fund for the purchase of five replacement transit buses and three replacement paratransit buses with 96 percent of the funding provided by state and federal sources.

### **Factors Affecting Financial Condition**

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City operates.

**Local economy.** The City is in the center of commerce and travel for the area, while the surrounding area is known for its poultry industry. The area is an educational center served by three institutions of higher learning located within or near the city with a total enrollment of approximately 25,600. James Madison University, a state-supported school, is located near the geographic center of the City and has approximately 22,900 students. Eastern Mennonite University, a private institution with approximately 1,300 students is also located in the City. Bridgewater College, located just south of the City, is also private and has an approximate enrollment of 1,400 students. State-supported Blue Ridge Community College is also located outside the city.

Sentara RMH Medical Center provides hospital and many other related healthcare services. Air, rail, passenger vehicle and bus transportation are available in the area. Interstate 81 runs North and South through the area and intersects with Interstate 64 East and West at Staunton, Virginia. Contour Airlines operates out of the Shenandoah Valley Regional Airport in Weyers Cave, Virginia and provides passenger and freight service. There are several private airfields located in the area including Bridgewater Air Park located in Bridgewater. The area is served by the Norfolk Southern Corporation railroad. There are locally based private and common carriers serving the nation with general freight and specialties. Parcel post services are available for shopping, mailing and delivery service.

**Long-term planning.** Each year the City prepares a comprehensive Capital Improvements Program (CIP). The CIP is prepared to prioritize capital improvement needs over a five-year period and to plan for the appropriate financing of these projects. Planning for capital improvements is an important process for the City to ensure that assets are acquired or constructed in time to meet specific needs and to spread costs over several fiscal years to avoid a large peak in capital expenditures during a single year.

The City is currently in the planning and design stages for a number of infrastructure improvement projects. These projects include South Main Street improvements, improvements to South Main Street I-81 Exit 245 intersection, Port Republic Road improvements, North Main Street sidewalks, University Boulevard improvements and South Liberty Street improvements. Collectively, it is estimated that these projects will cost approximately \$55.3 million and are being funded through the Virginia Department of Transportation and the U.S. Department of Transportation. Currently, the projected completion dates have not been determined.

The city is currently in the construction stage for a number of different projects funded primarily by federal ARPA funds. These projects include construction of Fire Station No. 5 located in the northwest section of the City, replacement of Kids' Castle at Purcell Park, a sprayground park at Ralph Sampson Park and improvements to athletic facilities within the parks and recreation system. Currently, \$10.9 million in federal ARPA funds and an additional \$5.6 million in available funds from the City have been committed to the completion of these projects.

The City is currently in the design stage for the renovation of the old Municipal Building. It is currently planned that the building will be renovated for additional City Hall office space. The City currently has \$8.5 million in available funds in the General Capital Projects. A projected completion date or cost estimates have not been determined.

The City is currently in the planning stage for the replacement of Fire Station No. 4. It is currently planned that the existing building will be demolished and rebuilt. The City currently has \$1.9 million in available funds in the General Capital Projects. A projected completion date or cost estimates have not been determined.

The City has implemented a long-term planning model for the replacement of its aging water and sewer infrastructure. Over the next five years, the City plans to cash fund approximately \$31 million in the Water Fund and \$10.9 million in the Sewer Fund for these infrastructure projects. The City currently has \$8.2 million and \$4.3 million in available funds in the Water and Sewer Funds, respectively. Future funding will be provided by phased in rate increases.

### **Certificate of Achievement**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its Annual Comprehensive Financial Report (ACFR) for the fiscal year ended June 30, 2024. This was the thirtieth consecutive year that the City has received this prestigious award. To be awarded a Certificate of Achievement, the City must publish an easily readable and organized ACFR. This report satisfied both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current ACFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

## **Acknowledgments**

We would like to express our appreciation to all members of the staff who assisted and contributed to the preparation of this report. The preparation of this report would not have been accomplished without their efficient and dedicated services. We would also like to thank the members of the City Council for their continued interest and support in planning and conducting the financial operations of the City in a responsible, timely and progressive manner.

Respectfully submitted,

/s/

Ande Banks

# FINANCIAL SECTION

This part of the City's annual comprehensive financial report contains the financial statements which include the basic financial statements, notes to financial statements and other supplementary information. This part also provides management's analysis of the City's current financial position and the outcome of its operations, as well as, the independent auditor's report.

THIS PAGE LEFT BLANK INTENTIONALLY

## Independent Auditor's Report

To the Honorable Members of the City Council  
City of Harrisonburg, Virginia

### Report on the Audit of the Financial Statements

#### *Opinions*

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Harrisonburg, Virginia (the "City") as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and aggregate remaining fund information of the City of Harrisonburg, Virginia, as of June 30, 2025, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and *Specifications for Audits of Counties, Cities, and Towns* issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Harrisonburg, Virginia and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *Change in Accounting Principle*

As described in Note 1 to the financial statements, in 2025, the City adopted new accounting guidance, GASB Statement No. 101, *Compensated Absences*. Our opinion is not modified with respect to this matter.

#### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair

presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Harrisonburg's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### *Auditor's Responsibilities for the Audit of the Financial Statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Harrisonburg's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about City of Harrisonburg's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and other required supplementary information be presented to supplement the basic financial statements. Such information is the responsibility of management, and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Supplementary Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The other supplementary information (consisting of the combining and individual non-major fund financial statements and budgetary comparison schedules, the discretely presented component unit fund financial statements and budgetary comparison schedules, and the schedules of revenues and expenditures – budget to actual), are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### *Other Information*

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### *Other Reporting Required by Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 26, 2025 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

## **CITY OF HARRISONBURG, VIRGINIA**

### **MANAGEMENT'S DISCUSSION AND ANALYSIS**

---

As management of the City of Harrisonburg (City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2025. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages 1 through 5 of this report.

#### **Financial Highlights**

- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$415.6 million (net position). Of this amount, \$122.6 million (unrestricted net position) may be used to meet the City's obligations to citizens and creditors.
- The City's total net position increased by \$35.1 million.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$102.4 million, an increase of \$210,016 in comparison with the previous year. Approximately 62.2 percent of this total amount, \$63.7 million, is unassigned.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$63.7 million, or 36.1 percent of total General Fund expenditures and other financing uses.
- The City's total long-term debt decreased by \$24 million during the current fiscal year

#### **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements.** The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all the City's assets, liabilities and deferred inflows/outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government administration, jail and judicial administration, public safety, public works, health and welfare, education, parks and recreation, and planning and community development. The business-type activities of the City include water, sewer, public transportation, sanitation and stormwater operations.

The government-wide financial statements include not only the City itself (known as the primary government), but also the legally separate Harrisonburg City School Board (School Board) and the Harrisonburg Electric Commission (HEC) for which the City is financially accountable. Financial information for these component units is reported separately from the financial information presented for the primary government itself. To obtain a copy of the separately issued audited financial statements for HEC, contact the Harrisonburg Electric Commission, 89 West Bruce Street, Harrisonburg, Virginia 22801. The School Board does not issue separate financial statements.

The government-wide financial statements can be found on pages 23 through 25 of this report.

**Fund financial statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on the near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains six individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund, General Capital Projects Fund and School Bond Capital Projects Fund which are considered to be major funds. Data from the other three governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements in the other supplementary information part of the financial section of this report.

The basic governmental fund financial statements can be found on pages 26 through 30 of this report.

**Proprietary funds.** The City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its water, sewer, public transportation, sanitation and stormwater operations. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions, as well as to some external organizations. The City uses internal service funds to account for the operations of its central garage, central stores and a self-insured health insurance plan. Because these services mainly benefit governmental rather than business-type functions, they are included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The City maintains five enterprise funds and three internal service funds. The proprietary fund financial statements provide separate information for the Water Fund, Sewer Fund, Public Transportation Fund, Sanitation Fund and Stormwater Fund, which are considered to be major enterprise funds. Also, the internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements in the other supplementary information part of the financial section of this report.

The basic proprietary fund financial statements can be found on pages 31 through 34 of this report.

**Fiduciary funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of

those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on page 35 through 36 of this report.

**Notes to financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to financial statements can be found on pages 37 through 81 of this report.

**Required supplementary information.** In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's progress in funding its obligations to provide pension and postretirement healthcare benefits to its employees. This information is presented immediately following the notes to financial statements and can be found on pages 82 through 99 of this report.

**Other supplementary information.** This report also presents certain other supplementary information concerning the combining statements referred to earlier regarding nonmajor governmental funds, internal service funds, custodial funds and School Board individual fund financial statements. This information is presented immediately following required supplementary information. The combining and individual fund statements and schedules can be found on pages 100 through 119 of this report.

### Government-wide Financial Analysis (Primary Government)

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$415.6 million at the close of the most recent fiscal year.

The largest portion of the City's net position (70 percent) reflects its investment in capital assets (e.g., land, buildings and infrastructure), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position, which amounts to \$122.6 million, may be used to meet the City's ongoing obligations to citizens and creditors.

**Governmental activities.** Governmental activities increased the City's net position by \$19.1 million. Key elements affecting governmental activities are as follows:

- Charges for services revenue increased \$2.1 million (7.5 percent) due to a \$1.6 million increase in revenue in the City's self-insured health insurance plan that is reported in governmental activities and an increase of \$575,000 in revenue from speed camera fines.
- Capital grants and contributions revenue decreased \$3.3 million (51 percent) due to the contribution of property by James Madison University (JMU) for the University Boulevard realignment project in the previous year.
- Property tax revenue increased \$6.35 million (8.7 percent) primarily from increasing real estate assessments and an increase in the real estate tax rate.
- Grants and contributions not restricted to specific programs revenue increased \$3.5 million (36.1 percent) due to the use of American Rescue Plan Act (ARPA) funds for various projects and programs.
- Investment revenue decreased \$1.4 million due to decreasing interest rates during the year.
- Expenses in the general government administration activity increased \$3 million (12.2 percent) primarily due to an increase in claim payments in the City's self-insured health insurance plan that is reported in governmental activities.
- Expenses in the public safety activity increased \$2.5 million (7 percent) primarily from 18 new hires in the fire department for the new Fire Station No. 5.

- Expenses in the health and human service activity increased \$1.3 million (17.9 percent) primarily from an increase in the City's share of Children's Services Act costs
- Expenses in the education activity increased \$15.2 million (31.2 percent) primarily from increased funding provided to the School Board for operations and from the transfer of capital assets related to the construction of Rocktown High School.

**Business-type activities.** Business-type activities increased the City's net position by \$16 million. Key elements affecting business-type activities are as follows:

- Charges for services increased \$1.8 million (5.6 percent) primarily due to an increase in utility rates and customer usage for both the water and sewer activities.
- Capital grants and contributions increased \$7.4 million primarily from intergovernmental revenue in the public transportation activity for the purchase of 15 transit and three paratransit buses.
- Expenses in the sewer activity increased \$842,863 (7.2 percent) primarily from increasing operational payments to the Harrisonburg-Rockingham Regional Sewer Authority, and for an infiltration/inflow and flow monitoring study.
- Expenses in the stormwater activity increased \$231,664 (26.9 percent) primarily for a Stormwater Improvement Plan update.

## **Government-wide Financial Analysis (Component Units)**

**School Board activities.** The net position of the School Board increased \$9.8 million during the year, as compared to a \$9.75 million increase in the previous year. School Board expenses increased \$11.5 million (9.9 percent) primarily due to the opening of Rocktown High School. The School Board's funding from the City increased \$7.8 million (20.2 percent) compared to the previous year. State funding increased \$4.6 million from increased basic school aid funding, while federal funding decreased \$5.9 million from a decrease in ARPA revenue funding.

**HEC activities.** HEC's net position increased \$2.8 million during the year, as compared to a \$811,386 increase in the previous year. Charges for services decreased \$1.7 million (2.3 percent) during the current year due to an overall decrease in the fuel adjustment factor, while expenses also decreased \$3.8 million (5.2 percent). The decrease in expenses was primarily a result of a decrease in the fuel adjustment factor.

## **Financial Analysis of the Government's Funds**

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds.** The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unrestricted fund balance (the total of committed, assigned and unassigned fund balance) may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

**General Fund.** The General Fund is the chief operating fund of the City. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$63.7 million, while total fund balance was \$80.5 million. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures and other financing uses. Unassigned fund balance represents 36.1 percent (42.1 percent in the prior year) of total General Fund expenditures and other financing uses, while total fund balance represents 45.7 percent (52.3 percent in the prior year) of that same amount.

Total fund balance in the General Fund decreased \$2 million primarily from the use of fund balance for capital purposes. Property tax revenue collectively exceeded budget projections by \$1.4 million. The City also retained \$1.2 million in budgeted School Board operating contributions.

Total revenues increased \$9.5 million (5.9 percent). Real estate tax revenue increased \$5.9 million (11 percent) as the result of increasing real estate assessments and an increase in the real estate tax rate. Local sales tax revenue increased \$166,371 (0.9 percent) exceeding budget projections by \$474,993 while restaurant food taxes increased \$607,726 (3.2 percent) exceeding budget projections by \$190,665. Fines and forfeitures increased \$482,392 from speed camera fines. Use of money revenue decreased \$1.2 million due to decreasing interest rates.

Total expenditures increased \$18.7 million (12.9 percent). Public safety expenditures increased \$4 million (11.7 percent) primarily due to the addition of 18 fire department personnel for the upcoming opening of Fire Station No. 5 and for the purchase of two fire trucks. Public Works expenditures increase \$2.1 million (16.8 percent) primarily from increased paving costs and various capital purchases including the replacement of a traffic signal. Health and human services expenditures increased \$1.1 million (16 percent) primarily from an increase in the City's share of Children's Services Act costs. Education expenditures increased \$7.8 million (20.2 percent) from an increase in the City's annual operating contribution to the School Board with the opening of Rocktown High School.

Other financial factors affecting the General Fund have been included in the above discussion of the City's governmental activities.

**General Capital Projects Fund.** The General Capital Projects Fund has a total fund balance of \$16.8 million, of which the entire amount is either restricted or committed for various projects. Revenue, including other financing sources, totaled \$22.6 million, of which \$12 million was from transfers from other funds, \$10.1 million was from intergovernmental revenue and \$503,987 was from other sources. Expenditures, including other financing uses, totaled \$21.4 million, of which the most significant were the construction of a homeless services center, construction of a new public works administration building, construction of the Spraygrounds at Ralph Sampson Park, shared use path improvements to Mt. Clinton Pike and the construction of Fire Station No. 5.

**School Bond Capital Projects Fund.** The School Bond Capital Projects Fund has a total fund balance of \$127,740, of which the entire amount is restricted. No activity took place during the year.

**Proprietary funds.** The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

**Water Fund.** The net position of the Water Fund increased \$6.1 million compared to an increase of \$3.3 million in the previous year. Operating revenues increased \$882,619 (7.8 percent) primarily due to increased utility rates and customer usage, while total operating expenses increased \$504,255 (7.3 percent) primarily from an increase in personnel costs, depreciation expense and costs related to various water line repairs.

**Sewer Fund.** The net position of the Sewer Fund increased \$1.7 million compared to an increase of \$1.4 million in the previous year. Operating revenues increased \$707,535 (5.2 percent) primarily due to increased utility rates and customer usage, while total operating expenses increased \$809,453 (7 percent) primarily due to increases in the contribution to the Harrisonburg-Rockingham Regional Sewer Authority and a sewer flow monitoring study.

**Public Transportation Fund.** The net position of the Public Transportation Fund increased \$6.7 million compared to a decrease of \$1.8 million in the previous year. Operating revenues increased \$311,116 (13.7 percent) primarily due to an increase in the James Madison University transit contract, while total operating expenses increased \$127,278 (1.4 percent) primarily due to an increase in depreciation expense from the purchase of 15 transit and five paratransit buses during the year.

**Sanitation Fund.** The net position of the Sanitation Fund increased \$1.1 million compared to an increase of \$1.3 million in the previous year. Operating revenues remained essentially flat compared to the previous year, while total operating expenses increased \$137,254 (4.3%) primarily due to increases in landfill tipping fees and general operating costs.

**Stormwater Fund.** The net position of the Stormwater Fund increased \$475,529 compared to an increase of \$1.2 million in the previous year. Operating revenues remained essentially flat compared to the previous year, while operating expenses increased \$229,248 (26.6 percent) primarily due to the Stormwater Improvement Plan update.

### **General Fund Budgetary Highlights**

Differences between the original and the final amended General Fund budget amounted to \$19.3 million, or 11.3 percent of the original budget, and can be briefly summarized as follows:

- \$8.9 million appropriated for prior year encumbrances.
- \$3.2 million appropriated in unexpended ARPA funds for various purposes.
- \$2.1 million appropriated for various capital projects
- \$2.1 million appropriated from state and federal grants for public works purposes.
- \$1 million appropriated for additional expenses related to the City's share of the Children's Services Act (CSA).
- \$725,000 appropriated from state and federal grants for various fire department purposes.
- \$163,000 appropriated from state and federal grants for various police department purposes.
- \$1.1 million appropriated for other purposes.

There were several significant variances between the final amended budget and the actual results in the General Fund, and can be briefly summarized as follows:

- General property tax revenues were over the final amended budget by \$1.4 million. The variance was primarily the result of higher than projected personal property tax revenue.
- Public safety expenditures were under the final amended budget by \$6 million. The variance was the result of general budgetary savings in the police department. In addition, the timing of various police and fire department capital expenditures, including fire program expenditures in which the funds were budgeted but encumbered and reappropriated into the subsequent year.
- Public works expenditures were under the final amended budget by \$4.5 million. The variance was the result of the timing of capital outlay for paving, sidewalk replacements and various equipment expenditures. These funds were budgeted but encumbered and reappropriated into the subsequent year.
- Education expenditures were under the final amended budget by \$1.2 million as the School Board's state and federal revenue exceeded budgeted estimates combined with positive expenditure budget results.

### **Capital Asset and Debt Administration**

**Capital assets.** At the end of the current fiscal year, the City's investment in capital assets for its governmental and business-type activities totaled \$513.2 million (net of accumulated depreciation/amortization). This investment in capital assets includes land, easements, buildings, improvements other than buildings, equipment, infrastructure (e.g., streets and bridges), intangible assets, right-to-use leased assets, subscription assets and construction in progress. The City's total investment in capital assets for the current fiscal year increased \$19.3 million.

Significant capital asset events during the current fiscal year included the following:

- Construction was completed on Rocktown High School increasing governmental activities' buildings and decreasing construction in progress by \$95.4 million.
- Construction was completed on a new public works administration building increasing governmental activities' buildings and decreasing construction in progress by \$7.7 million.
- Construction was completed on a homeless services center increasing governmental activities' buildings and decreasing construction in progress by \$8.1 million.
- Construction was completed on the Mt. Clinton Pike shared use path, an extension of the Northend Greenway, increasing governmental activities' improvements other than buildings and decreasing construction in progress by \$4.3 million.
- Construction began on Fire Station No. 5 increasing governmental activities' construction in progress by \$5.7 million.
- Construction began on the Ralph Sampson Park Spraygrounds increasing governmental activities' construction in progress by \$3.4 million.
- Construction continued on the water line project to the South Fork of the Shenandoah River increasing business-type activities' construction in progress by \$7.3 million.
- Construction was completed on an addition to the Water Operations Center increasing business-type activities' buildings and decreasing construction in progress by \$1 million.
- Construction was completed on various water and sewer projects increasing business-type activities' infrastructure and decreasing construction in progress by \$4.7 million.
- Construction continued on the Blacks Run restoration projects increasing business-type activities' construction in progress by \$409,000.
- 15 transit and eight paratransit buses were purchased increasing business-type activities equipment by \$8.7 million.

Additional information on the City's capital assets can be found in Note 7 on pages 47 through 49 of this report.

**Long-term debt.** At the end of the current fiscal year, the City had total long-term debt outstanding of \$267.7 million. Of this amount, \$226.8 million comprises debt backed by the full faith and credit of the City. The City's total long-term debt decreased \$24 million during the current fiscal year.

Significant long-term debt events during the current fiscal year included the following:

- A decrease of \$2.5 million in pension liabilities.
- A decrease of \$1.8 million in the county landfill obligation liability in business-type activities as the City made its final payments to Rockingham County for the City's share of their landfill cell closure costs.

<b>Total long-term debt</b>	<b>\$ 222,079,406</b>	<b>\$ 240,467,902</b>	<b>\$ 45,666,844</b>	<b>\$ 51,322,607</b>	<b>\$ 267,746,250</b>	<b>\$ 291,790,509</b>

The City maintained its AA+ bond rating from Standard and Poor's and its Aa2 bond rating from Moody's.

State statutes limit the amount of general obligation debt a governmental entity may incur to 10 percent of its total assessed real property valuation. The current debt limitation for the City is \$595.1 million of which \$388.3 million is available for use.

Additional information on the City's long-term debt can be found in Note 8 on pages 50 through 53 of this report.

## **Economic Factors and Next Year's Budgets and Rates**

The approved \$175.2 million fiscal year 2026 General Fund budget included the use of \$7.8 million of unassigned fund balance. The following were factors in the preparation and final approval of the fiscal year 2026 General Fund budget.

- The unemployment rate for the City in December 2024 was 2.7 percent, which was a decrease from a rate of 3.2 percent in December 2023. This rate was higher than the 2.5 percent state rate but lower than the 4.1 percent national rate in December 2024.
- Appropriated \$7.8 million from unassigned fund balance primarily for the renovation of the old Municipal Building, replacement of the HVAC system at the Lucy Simms Continuing Education Center and funding for the School Board's share of renovations to Massanutten Vocational Technical Center.
- No increase in tax rates.
- Approximate 5.7 percent increase in real estate assessments anticipated to provide an additional \$3.3 million in revenue compared to fiscal year 2025.
- An overall general decrease in the growth rate of other local tax revenue. There was projected to be a total increase in other local tax revenue of \$1.3 million when compared to the fiscal year 2025 approved budget. Specifically, this included projected increases in local sales tax revenue of \$650,000 and restaurant food tax revenue of \$503,000.
- Budgeted \$1.6 million from investment earnings to provide funding for capital purposes.
- Salary increases for both City and School Board employees.

A water rate increase of \$0.22 per one thousand gallons (approximately 5.5 percent) was approved to provide continued funding for the rehabilitation and replacement of aging water infrastructure.

A sewer rate increase of \$0.18 per one thousand gallons (approximately 2.9 percent) was approved to provide continued funding for capital projects at the Harrisonburg-Rockingham Regional Sewer Authority and for the rehabilitation and replacement of aging sewer infrastructure.

## **Requests for Information**

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the City's finances. A copy of this report in its entirety may be downloaded from the City's website at [www.harrisonburgva.gov](http://www.harrisonburgva.gov). Questions concerning any of the information in this report or requests for additional financial information should be addressed to the City of Harrisonburg, Director of Finance, 409 South Main Street, Harrisonburg, VA 22801.

---

**Exhibit 4**

Total fund balances of governmental funds (Exhibit 3)	\$ 102,428,911
Amounts reported for governmental activities in the statement of net position (Exhibit 1) are different because:	
Certain revenues are not available to pay for current period expenditures and therefore are deferred in the funds.	6,870,620
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.	379,227,185
Certain liabilities, including bonds and related accounts, are not payable from current financial resources and therefore are not reported in the funds.	(223,039,668)
Deferred outflows of resources and deferred inflows of resources related to OPEB and pensions are applicable to future periods and therefore are not reported in the funds.	1,670,705
Internal service funds are used by management to charge the costs of certain activities to other funds. The assets and liabilities of certain internal service funds are included in governmental activities in the statement of net position.	<u>18,245,900</u>
Net position of governmental activities (Exhibit 1)	\$ <u><u>285,403,653</u></u>

The accompanying notes to financial statements are an integral part of this statement.

## GOVERNMENTAL FUNDS

## STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES

Fund balances at end of year	<u>\$ 80,484,930</u>	<u>\$ 16,797,427</u>	<u>\$ 127,740</u>	<u>\$ 5,018,814</u>	<u>\$ 102,428,911</u>

The accompanying notes to financial statements are an integral part of this statement.

**CITY OF HARRISONBURG, VIRGINIA**  
**RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES,**  
**EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES**  
**For the Year Ended June 30, 2025**

**Exhibit 6**

Total net change in fund balances of governmental funds (Exhibit 5)	\$ 210,016
Amounts reported for governmental activities in the statement of activities (Exhibit 2) are different because:	
Certain revenues reported in the statement of activities that do not provide current financial resources are not reported as revenues in governmental funds. This amount is the net change in these revenues.	(569,138)
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. This is the amount by which capital outlay expenditures exceeded depreciation and amortization expense.	10,256,808
The contribution (donation) of capital assets affects only the statement of activities. These transactions do not have an effect on current financial resources and, therefore, are not reported in governmental funds.	1,069,300
The disposal of capital assets at a loss affects only the statement of activities. These transactions do not have an effect on current financial resources and, therefore, is not reported in governmental funds.	(78,431)
The transfer of capital assets to other funds affects only the statement of activities. These transfers do not have an effect on current financial resources and, therefore, are not reported in governmental funds.	(1,397,313)
The transfer of capital assets to the School Board (component unit) affects only the statement of activities. These transfers do not have an effect on current financial resources and, therefore, are not reported in governmental funds.	(8,555,717)
The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	16,458,155
Certain expenses reported in the statement of activities that do not require the use of current financial resources are not reported as expenditures in governmental funds. This amount is the net change in these expenses.	120,417
Governmental funds report employer OPEB and pension contributions as expenditures. However, in the statement of activities the cost of OPEB and pension benefits earned, net of employee contributions, are reported as OPEB and pension expense. This is the amount by which employer OPEB and pension contributions exceeded OPEB and pension expense.	1,678,009
Internal service funds are used by management to charge the costs of certain activities to other funds. The net revenue (expense) of certain internal service funds is reported with governmental activities.	(109,349)
Change in net position of governmental activities (Exhibit 2)	\$ <u>19,082,757</u>

The accompanying notes to financial statements are an integral part of this statement.

## **Note 1. Summary of Significant Accounting Policies**

The financial statements of the City of Harrisonburg, Virginia conform to generally accepted accounting principles (GAAP) applicable to government units promulgated by the Government Accounting Standards Board (GASB). The following is a summary of the more significant policies:

### **A. Reporting Entity**

The City of Harrisonburg (City) is a municipality governed by an elected five-member council (City Council). The accompanying financial statements present the City, the primary government, and its component units. The component units discussed in the section below are included in the City's reporting entity because of the significance of their operations, financial relationship and accountability to the City.

**Discretely presented component units.** The Harrisonburg City School Board (School Board) is responsible for elementary and secondary education within the City's jurisdiction. The School Board is comprised of six elected members. The City is financially accountable for the School Board in that the City Council must approve the School Board's budget, levies taxes to support the School Board's budget and issues debt on-behalf of the School Board. Additionally, the City is required by the Commonwealth of Virginia to provide annually a minimum level of financial support. The School Board does not issue separate financial statements.

The Harrisonburg Electric Commission (HEC) is responsible for the operations of the City owned electricity distribution system. HEC purchases electrical energy indirectly from Dominion Virginia Power through the Virginia Municipal Electric Association and resells it to city residents. HEC is managed by a five-member commission appointed by the City Council. HEC is financially accountable to the City in that HEC may not issue debt without the approval of City Council. Additionally, HEC is required by City Code to provide annually a minimum level of financial support to the City. To obtain a copy of the audited financial statements contact the Harrisonburg Electric Commission, 89 West Bruce Street, Harrisonburg, Virginia 22801.

### **B. Government-wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

### **C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

## **Note 1. Summary of Significant Accounting Policies (continued)**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary and fiduciary fund statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues, other than expenditure driven grant revenue, to be available if they are collected within 60 days after June 30. The City considers expenditure driven grant reimbursements as revenue in the period in which the expenditure has been incurred and all eligibility requirements have been met. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes are recorded as receivables when assessed, net of allowances for uncollectible amounts, and as revenue when the property taxes become available. Sales, restaurant food, admission and amusement, hotel and motel, consumer utility and other like taxes are recognized as receivables and revenue upon collection by the merchant or utility since the taxes are generally remitted in time to be used as a current financial resource for the payment of obligations incurred during the year. Taxes not collected within 60 days after June 30 are reflected as a deferred inflow of resources.

The City reports the following major governmental funds:

**General Fund** – The General Fund is the general operating fund of the City. It accounts for all financial resources of the general government, except those accounted for in other funds.

**General Capital Projects Fund** – This fund accounts for the financial resources to be used for the acquisition and construction of major capital facilities of the general government.

**School Bond Capital Projects Fund** – This fund accounts for the financial resources obtained through bond issuances on behalf of the School Board to be used for the acquisition and construction of major capital school facilities.

The City reports the following major proprietary funds:

**Water Fund** – This fund accounts for the activities of the City's water treatment and distribution operations.

**Sewer Fund** – This fund accounts for the activities of the City's sewage collection, transmission and disposal operations.

**Public Transportation Fund** – This fund accounts for the activities of the City's transit bus operations.

**Sanitation Fund** – This fund accounts for the activities of the City's refuse collection and disposal, recycling and closed landfill operations.

**Stormwater Fund** – This fund accounts for the activities of the City's stormwater program.

## Note 1. Summary of Significant Accounting Policies (continued)

Additionally, the City reports the following fund types:

*Special revenue funds* account for the administration of the community development block grant, operations of the school bus system and the administration of a revolving loan program.

*Internal service funds* account for central garage, central stores and self-insured health insurance services provided to other departments or agencies of the City, or to other governments or agencies, on a cost reimbursement basis.

*Custodial funds* account for assets held by the City in the **Economic Development Authority Fund** and the **Emergency Communications Center Fund**.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are transfers and other charges between the City's enterprise funds and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's proprietary funds are charges to customers for sales and services. The Water and Sewer Funds also recognize as operating revenue connection fees that cover the cost of connecting a customer to the City's water and sewer lines. Operating expenses for the City's proprietary funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted net position are available for use, it is the City's policy to use restricted net position first, and then unrestricted net position as they are needed.

### D. Budgets and Budgetary Accounting

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds except for the General Capital Projects Fund, which adopts a project-length budget, and the Community Development Block Grant Fund, which adopts a grant-length budget. Formal budgetary integration is employed in all funds as a management control device during the year except for the Health Insurance Fund, an internal service fund, and all fiduciary funds.

Prior to May 1, the City Manager submits to the City Council a balanced proposed operating and capital budget for the fiscal year commencing the following July 1. The operating and capital budget includes proposed expenditures and the means of financing them. Prior to June 30, the City Council holds public hearings to obtain citizen comments, and a final budget is legally enacted through the passage of an Appropriation Ordinance. All budget data presented is the original budget and the final budget as of June 30, 2025.

The appropriated budget places legal restrictions on expenditures at the fund level. The City Manager is authorized to transfer budgeted amounts within funds as may best meet the needs and interests of the City. The City may increase total appropriations at the fund level through approval of City Council. Supplemental appropriations were

## **Note 1. Summary of Significant Accounting Policies (continued)**

made during the year in the General Fund totaling \$19,328,707. Supplemental appropriations that exceed one percent of the budget require a public hearing prior to approval. Appropriations lapse at June 30, except for capital projects funds and the Community Development Block Grant Fund.

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to encumber that portion of the applicable appropriations, is employed as an extension of formal budgetary integration in the General and General Capital Projects Funds. Encumbrances outstanding at the end of the fiscal year are reported as either commitments or assignments of fund balance since they do not constitute expenditures or liabilities but rather the City's intent to expend funds. Encumbered amounts are generally reappropriated by City Council in the next fiscal year.

### **E. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance**

**1. Cash and cash equivalents.** For the purpose of the Statement of Cash Flows, cash and cash equivalents are defined as short-term highly liquid investments that are both readily convertible to known amounts of cash and investments with original maturities of 90 days or less from the date of acquisition.

**2. Investments.** The City's investments are reported at fair value, which is obtained by using readily determinable quoted market valuations, except for pooled investments which are reported at amortized cost as described below. Interest earned on pooled investments held by the School Board is assigned to the General Fund.

The City is a voluntary participant in the Virginia State Local Government Investment Pool (LGIP), which is an external investment pool. The Virginia General Assembly has authorized the Treasury Board to administer the LGIP, which has delegated to the State Treasurer the administrative aspects of managing the pool. The City is also a voluntary participant in the Virginia State Non-Arbitrage Program (SNAP), which is an external investment pool. The Virginia General Assembly has authorized the Treasury Board to administer SNAP. The carrying value of the investment in these pools is determined by the pool's share price in accordance with GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*. The LGIP and SNAP use amortized cost to value their portfolios. There are no withdrawal limitations or restrictions in the LGIP or SNAP.

**3. Interfund receivables/payables.** Activity between funds, including amounts that are anticipated to be repaid within one fiscal year, are reported as "due to/from other funds." All other activity between funds that are representative of long-term lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "advances to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

**4. Property taxes.** Property taxes are levied as of January 1 on property values assessed annually. The last effective general real property reassessment was January 1, 2024. Property taxes attach as an enforceable lien on property as of January 1 but are not collected until the following fiscal year. Real estate taxes are due and collectible twice a year, on December 5 and June 5. Personal property taxes are due and collectible annually on December 5. The portion of the tax receivable that is not collected within 60 days after June 30 is shown as a deferred inflow of resources in the fund financial statements. A penalty of ten percent of the tax is assessed after the applicable payment date. Interest at an annual rate of ten percent is charged on delinquent real estate property tax accounts beginning January 1 and July 1. Interest at an annual rate of four percent is charged on delinquent personal property tax accounts beginning January 1.

The City calculates its allowance for uncollectible delinquent property tax accounts using historical collection data and specific account analysis. The allowance at June 30, 2025 amounted to \$1,308,928.

## Note 1. Summary of Significant Accounting Policies (continued)

**5. Inventory and prepaid items.** Inventories are valued at average cost. Inventory consists of expendable supplies held for consumption and is accounted for using the consumption method. The costs are recorded as expenditures or expenses at the time individual inventory items are used or issued. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items using the consumption method.

**6. Restricted assets.** The City has certain assets presented on the statement of net position or balance sheet as restricted for specific purposes. These restrictions limit the use of these funds and typically represent bond construction accounts or debt service reserve requirements.

**7. Capital assets.** Capital assets, which include property, plant, equipment and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities column in the government-wide financial statements. In general, the City defines capital assets as assets with an initial, individual cost of more than \$25,000 and an estimated useful life in excess of two years. Infrastructure, water/sewer lines and certain other improvements have a capitalization threshold that ranges from \$50,000 to \$100,000. All purchased capital assets are valued at historical cost or estimated historical cost. Donated capital assets are valued at their estimated acquisition price at the date of donation. Major outlays for capital assets and improvements are capitalized as projects are constructed. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized.

Unless otherwise noted, depreciation and amortization for capital assets is computed over the following useful lives using the straight-line method.

Buildings	20-40 years
Improvements other than buildings	10-50 years
Equipment	2-30 years
Intangibles	3-30 years
Infrastructure	20-40 years
Lease right-to-use assets	Shorter of the lease term or useful life of the underlying asset
SBITA	Shorter of the subscription term or useful life of the underlying IT asset

**8. School Board capital assets.** Under current legislation enacted by the Commonwealth of Virginia, local governments have a "tenancy in common" with the School Board whenever the locality incurs "on-behalf" debt for school property. In order to match the capital asset with the related debt, the legislation permits the City to report the portion of the school property related to the outstanding financial obligation in the primary government. As principal is repaid, capital assets equal to the amount of principal debt reduction will be removed from the primary government's financial statements and reported in the School Board's financial statements. The School Board retains authority and responsibility over the operation and control of the property. The City transferred \$8,555,717 in net capital assets to the School Board during the current fiscal year on the government-wide statement of activities.

**9. Unearned revenue.** Unearned revenue is recorded when asset recognition criteria have been met, but revenue recognition criteria have not been met.

**10. Compensated absences.** It is the City and School Board's policy to permit employees to accumulate earned but not used vacation, paid time off and sick leave benefits. The City and the School Board pay a benefit for accumulated vacation, paid time off and sick leave upon an employee's separation from service to the extent the employee meets certain criteria. A last-in, first-out flow assumption is used when calculating a liability for vacation, paid time off and sick pay benefits. Vacation, paid time off and sick leave are accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured as a result of employee resignations or retirements. In fiscal year 2025, the reporting entity adopted GASB Statement No. 101, *Compensated Absences*.

## **Note 1. Summary of Significant Accounting Policies (continued)**

**11. Long-term obligations.** In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. Bond premiums and discounts reported as other financing sources and uses. The face amount of debt issued is reported as other financing sources. Bond issuance costs are expended or expensed when incurred in both the fund and government-wide financial statements. The City uses the stated interest rate in lease agreements and subscription-based information technology agreements (SBITA) or its estimated incremental borrowing rate if not stated in the agreement as the discount rate.

**12. Pensions.** For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position of pension plans, and the additions to/deductions from the pension plans' net fiduciary position have been determined on the same basis as they were reported by the Virginia Retirement System (VRS). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**13. Other postemployment benefits (OPEB) - VRS programs.** For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, OPEB expense, information about the fiduciary net position of the VRS, and the additions to/deductions from the VRS OPEB's net fiduciary position have been determined on the same basis as they were reported by the VRS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**14. Deferred outflows/inflows of resources.** In addition to assets, the financial statements will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net assets that applies to future periods and will not be recognized as an outflow of resources (expense) until that time. The City has several items in this reporting category. One item is the deferred charge on debt refundings reported in the government-wide and proprietary funds statement of net position. A deferred charge on a debt refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The second item consists of contributions subsequent to the measurement date for OPEB and pensions. These will be recognized as reductions to the net OPEB and pension liabilities in the subsequent fiscal year. The third consists of various deferred outflows related to OPEB and pensions. These outflows will generally be recognized in OPEB and pension expense over a closed five-year period or over the average expected remaining service lives of all employees determined as of the beginning of the measurement period.

In addition to liabilities, the financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net assets that applies to future periods and will not be recognized as an inflow of resources (revenue) until that time. The City has several items in this reporting category. The first item, unavailable revenue, is reported only in the governmental funds balance sheet. This item represents receivables not collected within 60 days after June 30 and are deferred and recognized as an inflow of resources in the period that the amounts become available. The second item, unearned property tax revenue, is reported on both the governmental funds balance sheet and on the government-wide statement of net position for governmental activities. This item represents property taxes levied on January 1 that are used to fund the subsequent fiscal year. The third consists of various deferred inflows related to OPEB and pensions. These inflows will generally be recognized in OPEB and pension expense over a closed five-year period or over the average expected remaining service lives of all employees determined as of the beginning of the measurement period. The fourth item is for lease-related amounts that are recognized at the inception of leases in which the City and its component units are the lessor. The deferred inflow of resources is recorded in an amount equal to the corresponding lease receivable and revenue is recognized in a systematic and rational manner over the term of the leases.

## Note 1. Summary of Significant Accounting Policies (continued)

**15. Fund balance.** In the fund financial statements, the City may report certain fund balance amounts as non-spendable, restricted, committed, assigned or unassigned. *Nonspendable fund balance* consists of amounts that cannot be spent because they are either not in spendable form such as inventories or prepaid items or amounts that are legally or contractually required to be maintained intact. *Restricted fund balance* is a constraint on fund balance that is externally imposed such as by creditors or grantors or imposed by law or enabling legislation for a specific purpose. *Committed fund balance* is a constraint imposed by formal action of City Council, as the highest level of decision making authority, for a specific purpose by amending the annual appropriation ordinance and may only be modified or rescinded by formal action of City Council. *Assigned fund balance* is a constraint imposed at a lower level of decision making authority for a specific purpose and only reflects the City's intent to expend funds for a specific purpose. Assigned fund balance also includes encumbrances reappropriated in the subsequent fiscal year by City Council and amounts used to balance the subsequent year's budget. There has been no formal policy established for any official to assign fund balance for specific purposes. *Unassigned fund balance* consists of amounts not assigned to other funds and that has not been restricted, committed or assigned for specific purposes within the same fund. The General Fund is the only fund that reports a positive unassigned fund balance.

The City considers restricted fund balance to be spent first when an expenditure is incurred for purposes for which both restricted and unrestricted amounts are available. When unrestricted amounts are available for use, the City will first use committed, then assigned and finally unassigned fund balance when an expenditure is incurred.

The City's formally adopted General Fund minimum fund balance policy requires unassigned fund balance to be equal to no less than 14 percent of the total General Fund budget at the end of each fiscal year plus an additional four percent for liquidity purposes resulting in a total target amount of 18 percent of the General Fund budget.

**16. Use of estimates.** The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

## Note 2. Reconciliation of Government-wide and Fund Financial Statements

### A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position

A reconciliation between the total fund balances as reported in the governmental fund balance sheet and the net position of governmental activities as reported in the government-wide statement of net position is provided on Exhibit 4. One element of that reconciliation explains that "Certain liabilities, including bonds and related accounts, are not payable from current financial resources and therefore are not reported in the funds." The details of this difference are as follows:

Bonds payable	\$ (173,160,000)
Bond issue premiums/discounts (net)	(16,285,367)
Deferred charge for bond refunding	1,126,130
Leases (not including internal service funds)	(2,406,182)
SBITA	(40,317)
Compensated absences (not including internal service funds)	(4,283,767)
Net OPEB liability (not including internal service funds)	(7,172,935)
Net pension liability (not including internal service funds)	(17,823,656)
Arbitrage rebate liability	(231,052)
Accrued interest	<u>(2,762,522)</u>
Net adjustment	<u><u>\$ (223,039,668)</u></u>

## Note 2. Reconciliation of Government-wide and Fund Financial Statements (continued)

Another element of that reconciliation states that "Deferred outflows of resources and deferred inflows of resources related to OPEB and pensions are applicable to future periods and therefore are not reported in the funds." The details of this difference are as follows:

Deferred OPEB outflows (not including internal service funds)	\$ 551,677
Deferred pension outflows (not including internal service funds)	7,433,045
Deferred OPEB inflows (not including internal service funds)	(2,811,899)
Deferred pension inflows (not including internal service funds)	<u>(3,502,118)</u>
Net adjustment	<u>\$ 1,670,705</u>

### B. Explanation of certain differences between the governmental fund statement of revenues, expenditures and changes in fund balances and the government-wide statement of activities

A reconciliation between the total net changes as reported in the fund balance on the governmental fund statement of revenues, expenditures and changes in fund balances and changes in net position of governmental activities as reported in the government-wide statement of activities is provided on Exhibit 6. One element of that reconciliation explains that "Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation/amortization expense." The details of this difference are as follows:

Capital outlay	\$ 24,818,418
Depreciation/amortization expense (not including internal service funds)	<u>(14,561,610)</u>
Net adjustment	<u>\$ 10,256,808</u>

Another element of that reconciliation states that "The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities." The details of this difference are as follows:

Long-term debt issued or incurred	\$ (300,128)
Principal payments	14,076,394
Payment on Middle River Regional Jail agreement	1,053,439
Payment on equipment purchase agreement	213,000
Amortization of bond premiums/discounts (net)	1,573,529
Amortization of deferred bond refunding charges	<u>(158,079)</u>
Net adjustment	<u>\$ 16,458,155</u>

Another element of that reconciliation states that "Certain expenses reported in the statement of activities that do not require the use of current financial resources are not reported as expenditures in governmental funds." The details of this difference are as follows:

Compensated absences (not including internal service funds)	\$ (177,807)
Accrued interest	<u>298,224</u>
Net adjustment	<u>\$ 120,417</u>

## Note 2. Reconciliation of Government-wide and Fund Financial Statements (continued)

Another element of that reconciliation states that “Governmental funds report employer OPEB and pension contributions as expenditures. However, in the statement of activities the cost of OPEB and pension benefits earned, net of employee contributions, are reported as OPEB and pension expense.” The details of this difference are as follows:

Employer OPEB contributions (not including internal service funds)	\$ 558,628
Employer pension contributions (not including internal service funds)	4,372,682
OPEB expense (not including internal service funds)	(13,550)
Pension expense (not including internal service funds)	<u>(3,239,751)</u>
Net adjustment	<u>\$ 1,678,009</u>

## Note 3. Deposits and Investments

**Deposits.** The entire bank balances of the City and its component units were covered by the Federal Depository Insurance Corporation (FDIC) or collateralized in accordance with the Virginia Security for Public Deposits Act (Act). Under the Act, banks and savings institutions holding public deposits in excess of the amounts insured by FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial institutions may choose between two collateralization methodologies, and depending upon that choice, will pledge collateral that ranges in amounts from 50 percent to 130 percent of excess deposits. Accordingly, all deposits are considered insured or fully collateralized. The State Treasury Board is responsible for monitoring compliance with the collateralization and reporting requirements of the Act and notifying local governments of compliance by financial institutions.

**Investments.** *Interest rate risk.* In accordance with the City’s investment policy, the City manages its exposure to declines in fair values by investing only in securities maturing in three years or less from the time of purchase. As of June 30, 2025, there were no securities subject to interest rate risk.

*Credit risk.* Statutes authorize the City and its component units to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank), the Asian Development Bank, the African Development Bank, “prime quality” commercial paper and certain corporate notes, bankers acceptances, repurchase agreements, the LGIP and SNAP. The City’s investment policy does not further limit these investment choices. As of June 30, 2025, all City investments in external investment pools and money market funds were rated AAAM by Standard & Poor’s.

The following is a summary of deposit and investment balances at June 30, 2025.

	Primary Government	Component Units		Total
		School Board	HEC	
Investments:				
Local Government Investment Pool (LGIP)	\$ 167,143,531	\$ 21,578,613	\$ 18,666,577	\$ 207,388,721
State Non-Arbitrage Pool (SNAP)	5,026,971	-	-	5,026,971
Certificates of Deposit	-	-	-	-
Deposits	<u>8,798,147</u>	<u>1,926,450</u>	<u>23,102,289</u>	<u>33,826,886</u>
Total deposits and investments	<u>\$ 180,968,649</u>	<u>\$ 23,505,063</u>	<u>\$ 41,768,866</u>	<u>\$ 246,242,578</u>

#### Note 4. Restricted Assets

The City has certain assets presented on the government-wide statement of net position, the governmental funds balance sheet and the proprietary funds statement of net position as restricted for specific purposes. Restricted assets for governmental and business-type activities in the amounts of \$231,052 and \$4,795,919, respectively, represent unspent bond proceeds.

#### Note 5. Receivables/Due from Other Governments

The following is a summary of receivables at June 30, 2025.

	Primary Government			Component Units	
	Governmental Activities	Business-type Activities	Total	School Board	HEC
Receivables:					
Property taxes receivable	\$ 85,645,422	\$ -	\$ 85,645,422	\$ -	\$ -
Other taxes receivable	2,346,001	-	2,346,001	-	-
Accounts receivable	4,823	3,539,853	3,544,676	-	6,556,466
Interest receivable	25,333	7,416	32,749	697	-
Lease receivable	-	48,928	48,928	55,107	-
Other receivables	1,372,379	3,926	1,376,305	121,079	-
Allowance for uncollectibles	(1,308,928)	(117,335)	(1,426,263)	-	-
Totals	<u>\$ 88,085,030</u>	<u>\$ 3,482,788</u>	<u>\$ 91,567,818</u>	<u>\$ 176,883</u>	<u>\$ 6,556,466</u>
Due from other governments:					
Commonwealth of Virginia	\$ 4,439,629	\$ 193,950	\$ 4,633,579	\$ 1,805,069	\$ -
Federal Government	<u>1,390,471</u>	<u>1,290,587</u>	<u>2,681,058</u>	<u>818,735</u>	<u>-</u>
Totals	<u>\$ 5,830,100</u>	<u>\$ 1,484,537</u>	<u>\$ 7,314,637</u>	<u>\$ 2,623,804</u>	<u>\$ -</u>

#### Note 6. Loans Receivable

The following is a summary of loans receivable at June 30, 2025.

Borrowing Entity/Loan Number	Loan Date	Term (in years)	Interest Rate	Balance	Current Portion
HRHA**	September 21, 2021	7.75	5.00%	\$ 1,750,000	\$ 315,000
HRC SB*	August 14, 2019	14	2.30%	1,188,333	106,667
HRHA**	June 26, 2014	18	4.12%	1,480,000	165,000
Massanutten Regional Library	May 15, 2000	n/a	0.0%	296,039	-
Total General Fund				<u>4,714,372</u>	<u>586,667</u>
2024-01	November 28, 2023	5	4.75%	18,112	4,872
2022-01	March 21, 2022	5	4.75%	9,216	4,498
Total Business Loan Program Fund				<u>27,328</u>	<u>9,370</u>
Total Governmental Activities				<u>\$ 4,741,700</u>	<u>\$ 596,037</u>

\*Harrisonburg-Rockingham Community Services Board \*\*Harrisonburg Redevelopment and Housing Authority

## Note 7. Capital Assets

The following are summaries of the changes in capital assets of governmental activities.

### Primary Government (Governmental Activities)

	Balance June 30, 2024	Additions	Reductions	Balance June 30, 2025
Capital assets, not being depreciated/amortized:				
Land	\$ 61,511,587	\$ 133,700	\$ -	\$ 61,645,287
Easements	2,023,079	50,272	-	2,073,351
Construction in progress	118,458,036	21,246,559	(121,843,831)	17,860,764
Capital assets, not being depreciated/amortized	<u>\$ 181,992,702</u>	<u>\$ 21,430,531</u>	<u>\$ (121,843,831)</u>	<u>\$ 81,579,402</u>
Capital assets, being depreciated/amortized:				
Buildings	\$ 129,908,921	\$ 112,861,513	\$ (8,509,450)	\$ 234,260,984
Improvements other than buildings	28,468,778	4,820,201	-	33,288,979
Equipment	46,744,670	4,221,011	(1,205,870)	49,759,811
Equipment - Lease	2,727,583	300,128	(173,923)	2,853,788
Intangibles	12,232,608	-	-	12,232,608
SBITA	225,243	-	-	225,243
Infrastructure	196,755,359	347,202	-	197,102,561
Capital assets, being depreciated/amortized	<u>417,063,162</u>	<u>122,550,055</u>	<u>(9,889,243)</u>	<u>529,723,974</u>
Less accumulated depreciation/amortization:				
Buildings	(48,247,474)	(5,539,465)	2,390,557	(51,396,382)
Improvements other than buildings	(13,150,736)	(1,313,382)	-	(14,464,118)
Equipment	(34,188,562)	(3,168,783)	1,205,870	(36,151,475)
Equipment - Lease	(515,990)	(170,871)	173,923	(512,938)
Intangibles	(4,664,231)	(387,181)	-	(5,051,412)
SBITA	(106,373)	(75,081)	-	(181,454)
Infrastructure	(114,915,919)	(4,111,699)	-	(119,027,618)
Accumulated depreciation/amortization	<u>(215,789,285)</u>	<u>(14,766,462)</u>	<u>3,770,350</u>	<u>(226,785,397)</u>
Capital assets, being depreciated/amortized (net)	<u>\$ 201,273,877</u>	<u>\$ 107,783,593</u>	<u>\$ (6,118,893)</u>	<u>\$ 302,938,577</u>

Depreciation and amortization expense was charged to function/programs of governmental activities as follows:

General government administration	\$ 305,547
Jail and judicial administration	883,399
Public safety	2,517,138
Public works	5,598,026
Health and welfare	160,719
Education	3,973,002
Parks, recreation and culture	1,061,828
Planning and community development	61,951
Internal service funds (allocated to various functions)	<u>204,852</u>
Total governmental activities depreciation and amortization expense	<u>\$ 14,766,462</u>

**Note 7. Capital Assets (continued)**

The following are summaries of the changes in capital assets of business-type activities.

**Primary Government (Business-type Activities)**

	Balance June 30, 2024	Additions	Reductions	Balance June 30, 2025
Capital assets, not being depreciated/amortized:				
Land	\$ 2,690,491	\$ -	\$ -	\$ 2,690,491
Easements	493,368	-	-	493,368
Construction in progress	42,286,942	11,537,822	(5,804,591)	48,020,173
Capital assets, not being depreciated/amortized	<u>\$ 45,470,801</u>	<u>\$ 11,537,822</u>	<u>\$ (5,804,591)</u>	<u>\$ 51,204,032</u>
Capital assets, being depreciated/amortized:				
Buildings	\$ 19,173,195	\$ 954,422	\$ -	\$ 20,127,617
Improvements other than buildings	24,585,767	1,009,576	(17,000)	25,578,343

## Note 8. Long-term Liabilities (continued)

Long-term liabilities for governmental activities are generally liquidated by the General Fund. The Internal Service Funds are consolidated into the governmental activities in the government-wide financial statements. Accordingly, long-term liabilities for these funds are included as part of the above totals. At June 30, 2025, \$3,785, \$135,813, \$135,754 and \$631,830 of leases, compensated absences, net OPEB liability and net pension liability, respectively, are included in the above amounts for these internal service funds.

The following is a summary of the changes in long-term liabilities of business-type activities.

	Balance June 30, 2024	Additions	Reductions	Balance June 30, 2025	Due Within One Year
Bonds payable:					
General obligation bonds:

Total General Obligation Bonds - Public Offerings	<u>\$ 173,160,000</u>	<u>\$ 33,588,000</u>

## **Note 8. Long-term Liabilities (continued)**

### **Leases**

The City, as a lessee, has entered into lease agreements involving the use of a fiber network, golf carts and office equipment. As of June 30, 2025, the City's lease liability in governmental and business-type activities for these payments totals \$2,409,967 and \$12,616, respectively. The City has included in its governmental activities' capital assets lease equipment in the amount of \$2,853,789 (\$512,938 in accumulated amortization) and in its business-type activities' capital assets lease equipment in the amount of \$17,688 (\$5,306 in accumulated amortization).

### **SBITA**

The City, as a subscriber, has entered into subscription agreements involving the use of vendor software. As of June 30, 2025, the City's SBITA liability in governmental activities for these payments totals \$40,317. The City has included in its governmental activities' capital assets a subscription asset in the amount of \$225,243 (\$181,454 in accumulated amortization).

### **Additional information pertaining to the Primary Government's long-term debt:**

The City is subject to a legal debt margin requirement based on the Constitution of Virginia. Under the requirement, the City's bonds or other interest-bearing obligations shall not exceed ten percent of its total taxable assessed real property valuation. As of June 30, 2025, the debt limitation for the City is \$595.1 million of which \$388.3 million is available for use.

In June 2014, the City issued \$42.7 million in general obligation refunding bonds, of which \$2.7 million was issued on behalf of and loaned to the Harrisonburg Redevelopment and Housing Authority (Authority) to advance refund a previous bond issue that was originally issued for the purpose of renovating public housing units owned by the Authority. The Authority has agreed to reimburse the City for its share of the principal and interest payments as the debt service payments come due. The current fiscal year reimbursement for debt service payments associated with the bonds totaled \$209,600. As of June 30, 2025, the outstanding balance of the loan is \$1,480,000.

In August 2019, the City issued \$4.95 million in general obligation bonds, of which \$1.65 million was issued on behalf of and loaned to the Harrisonburg-Rockingham Community Services Board (Board) for the purpose of constructing a new facility. The Board has agreed to reimburse the City for its share of the principal and interest payments as the debt service payments come due. The current fiscal year reimbursement for debt service payments associated with the bonds totaled \$162,041. As of June 30, 2025, the outstanding balance of the loan is \$1,188,333.

In September 2021, the City issued \$157 million in general obligation public improvement and refunding bonds, of which \$2.6 million was issued on behalf of and loaned to the Harrisonburg Redevelopment and Housing Authority (Authority) to advance refund a previous bond issue that was originally issued for the purpose of renovating public housing units owned by the Authority. The Authority has agreed to reimburse the City for its share of the principal and interest payments as the debt service payments come due. The current fiscal year reimbursement for debt service payments associated with the bonds totaled \$395,000. As of June 30, 2025, the outstanding balance of the loan is \$1,750,000.

## Note 8. Long-term Liabilities (continued)

### Component Unit – School Board

The following is a summary of the debt service requirements for long-term liabilities of the School Board.

Year Ending June 30,	Leases		Total School Board

Net pension liability	53,899,702	32,359,765	(35,925,785)	50,333,682	-
School Board long-term debt	<u>\$ 76,298,262</u>	<u>\$ 35,635,351</u>	<u>\$ (39,767,448)</u>	<u>\$ 72,166,165</u>	<u>\$ 614,730</u>

### Leases

The School Board, as a lessee, has entered into lease agreements involving the use of a fiber network, an office building, a mobile trailer unit and various office equipment. As of June 30, 2025, the School Board's lease liability for these payments totals \$1,451,411. The School Board has included in capital assets leased buildings in the amount of \$1,045,358 (\$273,784 in accumulated amortization) and lease equipment in the amount of \$899,525 (\$246,023 in accumulated amortization).

### Component Unit – HEC

At June 30, 2025, HEC had \$4,813,757 in long-term liabilities outstanding. This long-term liability is comprised of \$687,226 in compensated absences, of which \$44,220 is due within one year, \$1,938 in SBITA, of which the entire amount is due within one year, and \$2,111,266 in net OPEB liabilities and \$2,013,327 in net pension liabilities, of which the entire amounts are due in more than one year.

## Note 9. Landfill Closure and Postclosure Care Costs

In accordance with state and federal laws and regulations, the City is required to perform certain maintenance and monitoring functions at the City's closed landfill site for 30 years after the date of closure. The City closed its landfill in 1994. \$1,345,195 of the amount reported as landfill closure and postclosure care liability at June 30, 2025 represents the cumulative amount reported to date based on the use of 100 percent of the capacity of the landfill. Included in the total liability is an additional \$451,070 for groundwater remediation. These amounts are based on current year costs. Actual costs ultimately may differ due to inflation, changes in technology, or changes in regulations. The City plans to fund its landfill closure and postclosure care costs with available funds from the Sanitation Fund.

## Note 10. Unearned Revenue

The following is a summary of unearned revenue at June 30, 2025 for governmental activities in the government-wide financial statements and for the fund financial statements.

	Governmental Activities			Component Unit School Board
	General Fund	General Capital Projects Fund	Total	
Advance collection of parking leases	\$ 49,118	\$ -	\$ 49,118	\$ -
Golf course season passes	116,080	-	116,080	-
ARPA funds	2,769,626	-	2,769,626	-
Opioid abatement funds	31,524	-	31,524	-
State All-In funds	-	-	-	1,678,292
Construction reimbursement	-	6,201,376	6,201,376	-
Total unearned revenue	<u>\$ 2,966,348</u>	<u>\$ 6,201,376</u>	<u>\$ 9,167,724</u>	<u>\$ 1,678,292</u>

Unearned revenue for business-type activities in the amount of \$94,744 represents water and sewer connection application fees for which the services had not been provided as of year-end and prepaid rental revenue. This amount is comprised of \$60,344 in the Water Fund and \$34,400 in the Sewer Fund.

## Note 11. Interfund Balances

The General Fund has due from other funds in the amount \$18,529. This amount is comprised of a loan to the Community Development Block Grant Fund. The purpose of the loan is to eliminate a year-end cash and cash equivalents deficit balance and is anticipated to be repaid within the subsequent fiscal year. The Sewer Fund has an interfund loan receivable in the amount of \$1,456,000 while the Water Fund has an interfund loan payable in the amount of \$1,456,000 for funds loaned from the Sewer Fund to the Water Fund for the purchase of land by the Water Fund.

## Note 12. Interfund Transfers

Interfund transfers are generally used to subsidize the operations, programs and capital activities of certain funds. The following is a summary of interfund transfers for the year ended June 30, 2025.

Transfer out	Transfer in					Total
	General Fund	General Capital Projects Funds	Water Fund	Public Transportation Fund	Internal Service Funds	
General Fund	\$ -	\$ 12,002,130	\$ -	\$ 660,000	\$ -	\$ 12,662,130
General Capital Projects Fund	-	-	860,230	-	-	860,230
Water Fund	1,598,400	-	-	-	169,013	1,767,413
Sewer Fund	1,406,700	-	-	-	56,339	1,463,039
Public Transportation Fund	229,752	-	-	-	-	229,752
Sanitation Fund	134,800	-	-	-	-	134,800
Stormwater Fund	29,000	-	-	-	-	29,000
Total	<u>\$ 3,398,652</u>	<u>\$ 12,002,130</u>	<u>\$ 860,230</u>	<u>\$ 660,000</u>	<u>\$ 225,352</u>	<u>\$ 17,146,364</u>

### Note 13. Fund Balance

The following is a summary of amounts that are reported on the governmental funds balance sheet identified as nonspendable, restricted, committed or assigned fund balance at June 30, 2025.

	General Fund	General Capital Projects Fund	School Bond Capital Projects Fund	Other Governmental Funds	Total
Nonspendable:					
Prepaid expenditures	\$ 457,040	\$ -	\$ -	\$ 3,875	\$ 460,915
Loans receivable	296,039	-	-	-	296,039
Total nonspendable fund balance	<u>\$ 753,079</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,875</u>	<u>\$ 756,954</u>
Restricted for:					
Public safety	\$ 1,343,251	\$ -	\$ -	\$ -	\$ 1,343,251
Public works	-	103,312	-	-	103,312
Education	-	-	127,740	-	127,740
Total restricted fund balance	<u>\$ 1,343,251</u>	<u>\$ 103,312</u>	<u>\$ 127,740</u>	<u>\$ -</u>	<u>\$ 1,574,303</u>
Committed to:					
General government administration	\$ -	\$ 8,400,272	\$ -	\$ -	\$ 8,400,272
Jail and judicial administration	-	287,235	-	-	287,235

### Note 14. Pension Plan - Agent Multiple-Employer

**Plan Description.** All full-time, salaried permanent employees of the City, the non-professional employees of the Harrisonburg City School Board (School Board) and the Harrisonburg Electric Commission (HEC) are automatically covered by the VRS Retirement Plan upon employment. This plan is an agent multiple-employer pension plan administered by the Virginia Retirement System (System) along with plans for other employer groups in the Commonwealth of Virginia. The City and HEC employees participate in the same retirement plan. Members earn one month of service credit for each month they are employed and for which they and their employer are paying contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the *Code of Virginia*, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service. The *Code of Virginia*, as amended, assigns the authority to establish and amend benefit provisions to the Virginia General Assembly.

## **Note 14. Pension Plan - Agent Multiple-Employer (continued)**

**Benefits Provided.** VRS administers three different benefit structures for covered employees. Each benefit structure has different eligibility criteria.

**Plan 1.** Plan 1 is a defined benefit plan. Members hired before July 1, 2010 and who were vested as of January 1, 2013 are covered under Plan 1. Members become vested when they have at least five years of creditable service. Non-hazardous duty members are eligible for an unreduced retirement benefit beginning at age 65 with at least five years of service credit or age 50 with at least 30 years of service credit. They may retire with a reduced benefit as early as age 55 with at least five years of service credit or age 50 with at least 10 years of service credit.

**Plan 2.** Plan 2 is a defined benefit plan. Members hired between July 1, 2010 and December 31, 2013 or members hired before July 1, 2010 who were not vested as of January 1, 2013 are covered under Plan 2. Members become vested when they have at least five years of creditable service. Non-hazardous duty members are eligible for an unreduced retirement benefit beginning at their normal Social Security retirement age with at least five years of service credit or when the sum of their age and service equals 90. They may retire with a reduced benefit as early as age 60 with at least five years of service credit.

**Hybrid Plan.** The Hybrid Plan combines features of a defined benefit plan and a defined contribution plan. Members hired after January 1, 2014 and Plan 1 and Plan 2 members who opted into the plan during a special election window are covered under the Hybrid Plan. Members become vested in the defined benefit portion of the Hybrid Plan when they have at least five years of creditable service and become 100 percent vested in employer contributions to the defined contribution portion of the Hybrid Plan after four years of creditable service. Members are eligible for an unreduced retirement benefit from the defined benefit component beginning at their normal Social Security retirement age with at least five years of service credit or when the sum of their age and service equals 90. They may retire with a reduced benefit from the defined benefit component as early as age 60 with at least five years of service credit. Members are eligible to receive distributions from the defined contribution component upon leaving employment, subject to restrictions.

**Hazardous duty members.** Under Plans 1 and 2, eligible hazardous duty members (police officers and firefighters) are eligible for an unreduced benefit beginning at age 60 with at least five years of service credit or age 50 with at least 25 years of service credit. They may retire with a reduced benefit as early as age 50 with at least five years of service credit. All other provisions of the member's plan apply. Hazardous duty members are not eligible for the Hybrid Plan.

The VRS Basic Benefit is a lifetime monthly benefit based on a retirement multiplier as a percentage of the member's average final compensation (AFC) multiplied by the member's total service credit. Under Plan 1, AFC is the average of the member's 36 consecutive months of highest compensation. Under Plan 2 and the Hybrid Plan, AFC is the average of the member's 60 consecutive months of highest compensation. The defined benefit retirement multiplier is 1.7 percent for non-hazardous duty Plan 1 members, 1.65 percent for non-hazardous duty Plan 2 members (1.7 percent for service earned, purchased or granted prior to January 1, 2013), 1 percent for Hybrid Plan members and 1.85 percent for eligible hazardous duty members. In addition, eligible hazardous duty members receive a monthly benefit supplement if they retire prior to age 65. At retirement, members can elect the Basic Benefit, the Survivor Option, the Partial Lump-Sum Option Payment (PLOP) or the Advance Pension Option. A retirement reduction factor is applied to the Basic Benefit amount for members electing the Survivor Option, PLOP or Advance Pension Option or those retiring with a reduced benefit.

Members who retire with an unreduced benefit or a reduced benefit with at least 20 years of creditable service are eligible for an annual cost-of-living adjustment (COLA) effective July 1 after one full calendar year from the member's retirement date. Members who retire with a reduced benefit and who have less than 20 years of creditable service, the COLA is effective July 1 after one calendar year following the unreduced retirement eligibility date. Other exceptions also apply to the COLA effective date. Under Plan 1, the COLA matches the first three percent increase in the Consumer Price Index for all Urban Consumers (CPI-U) and half of any additional increase (up to four percent) for a maximum COLA of five percent. Under Plan 2 and the defined benefit component of the Hybrid

**Note 14. Pension Plan - Agent Multiple-Employer (continued)**

Plan, the COLA matches the first two percent increase in the CPI-U and half of any additional increase (up to two percent) for a maximum COLA of three percent.

The VRS also provides death and disability benefits to Plan 1 and Plan 2 members. Hybrid Plan members are covered by the Virginia Local Disability Program administered by VRS for disability benefits unless the local government provides an employer paid comparable program for its members. The City, School Board and HEC decided to provide an employer paid comparable program to its employees.

**Employees Covered by Benefit Terms.** At June 30, 2023, the following employees were covered by the benefit terms:

	Primary Government	Component Units	
		School Board	HEC
Inactive employees or beneficiaries currently receiving benefits	407	78	29
Inactive employees entitled to but not yet receiving benefits	530	108	37
Active employees	609	104	43
Total inactive and active employees	1,546	290	109

**Contributions.** The contribution requirement for active employees is governed by Section 51.1-145 the *Code of Virginia*, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. Employees are required to contribute five percent of their annual reported compensation toward their retirement. The City and HEC's contractually required contribution rate for the fiscal year ended 2025 was 13.91 percent of covered employee compensation. The School Board non-professional employees' contribution rate for the fiscal year ended 2025 was 3.54 percent of covered employee compensation. These rates were based on an actuarially determined rate from an actuarial valuation as of June 30, 2023. These rates, when combined with employee contributions, were expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the City, the School Board and HEC to the pension plans were \$5,623,874, \$131,385 and \$493,930, respectively, for the year ended June 30, 2025.

The defined contributions component of the Hybrid Plan includes member and employer mandatory, and voluntary contributions. The Hybrid Plan member and the employer must contribute a mandatory rate of 1 percent each of the member's covered payroll. Hybrid Plan members may also elect to contribute an additional voluntary rate of up to 4 percent of their covered payroll which would require the employer a mandatory additional contribution of up to 2.5 percent. Defined contributions from the City, the School Board and HEC were \$319,377, \$50,807 and \$24,409, respectively, for the year ended June 30, 2025.

**Net Pension Liability.** The net pension liability is calculated separately for each employer and represents that particular employer's total pension liability less that employer's fiduciary net position. The net pension liability was measured as of June 30, 2024. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of June 30, 2023 and rolled forward to the measurement date of June 30, 2024.

**Actuarial Assumptions – General Employees.** The total pension liability for general employees was based on an actuarial valuation as of June 30, 2023, using the entry age normal actuarial cost method. The following assumptions were applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2024.

**Note 14. Pension Plan - Agent Multiple-Employer (continued)**

Inflation	2.50 percent
Salary increases, including inflation	3.50 percent – 5.35 percent
Investment rate of return, including inflation	6.75 percent (net of pension plan investment expense)

**Mortality rates:**

All Others (Non 10 Largest) – Non-Hazardous Duty: 15% of deaths are assumed to be service related.

**Pre-Retirement:**

Pub-2010 Amount Weighted Safety Employee Rates projected generationally; 95% of rates for males; 105% of rates for females set forward two years.

**Post-Retirement:**

Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 110% of rates for males; 105% of rates for females set forward three years.

**Post-Disablement:**

Pub-2010 Amount Weighted General Disabled Rates projected generationally; 95% of rates for males set back three years; 90% of rates for females set back three years.

**Beneficiary and Survivors:**

Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally; 110% of rates for males and females set forward two years.

**Mortality Improvement:**

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates.

The actuarial assumptions used in the June 30, 2023 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020. Changes to the actuarial assumptions as a result of the experience study are as follows:

All Others (Non 10 Largest): Updated mortality rates to Pub-2010 public sector mortality tables and replaced mortality rates with a modified Mortality Improvement Scale MP-2020; adjusted retirement rates to better fit experience for Plan 1, set separate rates based on experience for Plan 2/Hybrid and changed the final retirement age; adjusted withdrawal rates to better fit experience at each year age and service through nine years of service.

**Actuarial Assumptions – Hazardous Duty Employees.** The total pension liability for hazardous duty employees was based on an actuarial valuation as of June 30, 2023, using the entry age normal actuarial cost method. The following assumptions were applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2024.

Inflation	2.50 percent
Salary increases, including inflation	3.50 percent – 4.75 percent
Investment rate of return, including inflation	6.75 percent (net of pension plan investment expense*)

**Mortality rates:**

All Others (Non 10 Largest) – Hazardous Duty: 45% of deaths are assumed to be service related.

**Pre-Retirement:**

Pub-2010 Amount Weighted Safety Employee Rates projected generationally with a Modified MP-2020 Improvement Scale; 95% of rates for males; 105% of rates for females set forward two years.

**Post-Retirement:**

Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally with a Modified MP-2020 Improvement Scale; 110% of rates for males; 105% of rates for females set forward three years.

**Post-Disablement:**

Pub-2010 Amount Weighted General Disabled Rates projected generationally with a Modified MP-2020 Improvement Scale; 95% of rates for males set back three years; 90% of rates for females set back three years.

**Beneficiary and Survivors:**

Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally with a Modified MP-2020 Improvement Scale; 110% of rates for males and females set forward two years.

**Mortality Improvement:**

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates.

#### Note 14. Pension Plan - Agent Multiple-Employer (continued)

The actuarial assumptions used in the June 30, 2023 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020. Changes to the actuarial assumptions as a result of the experience study are as follows:

All Others (Non 10 Largest) – Hazardous Duty: Updated mortality rates to Pub-2010 public sector mortality tables, increased disability life expectancy and replaced mortality rates with a modified Mortality Improvement Scale MP-2020; adjusted retirement rates to better fit experience and changed the final retirement age from 65 to 70; adjusted withdrawal rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with the 10 Largest – Hazardous Duty employers.

**Long-term Expected Rate of Return.** The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Target Allocation	Arithmetic Long-term Expected Rate of Return	Weighted Average Long-term Expected Rate of Return
Public Equity	32.00%	6.70%	2.14%
Fixed Income	16.00%	5.40%	0.86%
Credit Strategies	16.00%	8.10%	1.30%
Real Assets	15.00%	7.20%	1.08%
Private Equity	15.00%	8.70%	1.31%
Private Investment Partnersip (PIP)	1.00%	8.00%	0.08%
Diversifying Strategies	6.00%	5.80%	0.35%
Cash	2.00%	3.00%	0.06%
Leverage	-3.00%	3.50%	-0.11%
Total	100.00%		7.07%
		Expected arithmetic nominal return*	7.07%

*\*The above allocation provides a one-year return of 7.07% (includes 2.5% inflation assumption). However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 7.10%, including expected inflation of 2.5%. On June 15, 2023, the VRS Board elected a long-term rate of 6.75%, which was roughly at the 45th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.14%, including expected inflation of 2.5%.*

**Discount Rate.** The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. For the fiscal year ended June 30, 2024, the employer contribution rate is 100 percent of the actuarially determined employer contribution rate from the June 30, 2023 actuarial valuations. From July 1, 2024 on, participating employers are assumed to continue to contribute 100 percent of the actuarially determined contribution

**Note 14. Pension Plan - Agent Multiple-Employer (continued)**

rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

**Changes in the Net Pension Liability (Asset).** The following are the changes in net pension liability (asset) as of the measurement date of June 30, 2024:

**Primary Government**

	Increase (Decrease)		
	Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability

<b>Component Unit - HEC:</b>			
Net Pension Liability (Asset)	\$ 4,164,578	\$ 2,013,327	\$ 260,506

### Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended June 30, 2025, the City, the School Board and HEC recognized pension expense of \$4,127,179, negative \$7,934 and \$257,079, respectively. At June 30, 2025, the City, the School Board and HEC reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

#### Note 14. Pension Plan - Agent Multiple-Employer (continued)

	Component Units					
	Primary Government		School Board		HEC	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 3,936,050	\$ 249,057	\$ 21,047	\$ 18,780	\$ 345,693	\$ 21,874
Net difference between projected and actual earnings on pension plan investments	-	4,255,152	-	299,900	-	373,719
Employer contributions subsequent to the measurement date	5,623,874	-	131,385	-	493,930	-
Total	<u>\$ 9,559,924</u>	<u>\$ 4,504,209</u>	<u>\$ 152,432</u>	<u>\$ 318,680</u>	<u>\$ 839,623</u>	<u>\$ 395,593</u>

The amounts reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30,	Primary Government	Component Units	
		School Board	HEC
2026	\$ (1,661,082)	\$ (256,735)	\$ (145,888)
2027	2,580,663	79,546	226,652
2028	(583,455)	(57,583)	(51,243)
2029	(904,285)	(62,861)	(79,421)
2030	-	-	-
Thereafter	-	-	-

**Pension Plan Data.** Detailed information about the VRS Retirement Plan is available in the separately issued VRS 2024 Annual Comprehensive Financial Report. A copy of this report may be downloaded from the VRS website at [varetire.org/Pdf/Publications/2024-annual-report.pdf](http://varetire.org/Pdf/Publications/2024-annual-report.pdf) or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA 23218-2500.

#### Payable to the Pension Plan

At June 30, 2025, the City and School Board reported a payable of \$697,614 and \$24,149, respectively, for the outstanding amount of contributions to the pension plan required for the year ended June 30, 2025.

#### Note 15. Pension Plan - Teacher Cost-Sharing Pool

**Plan Description.** All full-time, salaried permanent (professional) employees of the Harrisonburg City School Board (School Board) are automatically covered by the VRS Teacher Retirement Plan upon employment. This plan is a cost-sharing multiple-employer pension plan administered by the Virginia Retirement System (System) along with plans for other employer groups in the Commonwealth of Virginia (Commonwealth). Members earn one month of service credit for each month they are employed and for which they and their employer are paying contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the *Code of Virginia*, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service. The *Code of Virginia*, as amended, assigns the authority to establish and amend benefit provisions to the Virginia General Assembly.

## Note 15. Pension Plan - Teacher Cost-Sharing Pool (continued)

**Benefits Provided.** VRS administers three different benefit structures for covered employees. Each benefit structure has different eligibility criteria and are substantially the same as described in Note 14.

**Contributions.** The contribution requirement for active employees is governed by Section 51.1-145 of the *Code of Virginia*, as amended, but may be impacted as a result of funding options provided to school divisions by the Virginia General Assembly. Members are required to contribute five percent of their annual reported compensation toward their retirement. The School Board's contractually required contribution rate for the year ended June 30, 2025 was 14.21 percent of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2023. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan were \$8,984,415 for the year ended June 30, 2025.

The defined contributions component of the Hybrid Plan includes member and employer mandatory, and voluntary contributions. The Hybrid Plan member and the employer must contribute a mandatory rate of 1 percent each of the member's covered payroll. Hybrid Plan members may also elect to contribute an additional voluntary rate of up to 4 percent of their covered payroll which would require the employer a mandatory additional contribution of up to 2.5 percent. Defined contributions were \$671,017 for the year ended June 30, 2025.

### Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources

At June 30, 2025, the School Board reported a liability of \$50,333,682 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2024. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of June 30, 2023 and rolled forward to the measurement date of June 30, 2024. The School Board's proportion of the net pension liability was based on the actuarially determined employer contributions to the pension plan for the year ended June 30, 2024 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2024, the school division's proportion was 0.53621%.

For the year ended June 30, 2025, the School Board recognized pension expense of \$6,124,204. Since there was a change in the proportionate share between measurement dates, a portion of the pension expense was related to deferred amounts from changes in proportion and from differences between employer contributions and the proportionate share of employer contributions.

At June 30, 2025, the School Board reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 8,732,184	\$ 1,036,406
Changes in assumptions	913,624	-
Net difference between projected and actual earnings on pension plan investments	-	6,928,462
Changes in proportion and differences between employer contributions and proportionate share of contributions	1,958,014	66,455
Employer contributions subsequent to the measurement date	8,984,415	-
Total	<u>\$ 20,588,237</u>	<u>\$ 8,031,323</u>

**Note 15. Pension Plan - Teacher Cost-Sharing Pool (continued)**

The deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ending June 30,</u>	<u>Deferred Amounts to be Recognized</u>
2026	\$ (2,169,648)
2027	5,053,840
2028	1,270,945
2029	(582,638)
2030	-
Thereafter	-

**Actuarial Assumptions.** The total pension liability was based on an actuarial valuation as of June 30, 2023, using the entry age normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2024.

Inflation	2.50 percent
Salary increases, including inflation	3.50 percent – 5.95 percent
Investment rate of return, including inflation	6.75 percent (net of plan investment expense)

**Mortality rates (teachers):****Pre-Retirement:**

Pub-2010 Amount Weighted Teachers Employee Rates projected generationally; 110% of rates for males.

**Post-Retirement:**

Pub-2010 Amount Weighted Teachers Healthy Retiree Rates projected generationally; males set forward one year; 105% of rates for females.

**Post-Disablement:**

Pub-2010 Amount Weighted Teachers Disabled Rates projected generationally; 110% of rates for males and females.

**Beneficiary and Survivors:**

Pub-2010 Amount Weighted Teachers Contingent Annuitant Rates projected generationally.

**Mortality Improvement:**

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates.

The actuarial assumptions used in the June 30, 2023 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020. Changes to the actuarial assumptions were substantially the same as described in Note 14.

**Long-term Expected Rate of Return.** The long-term expected rate of return on pension System investments is substantially the same as described in Note 14.

**Discount Rate.** The discount rate used to measure the total pension liability is substantially the same as described in Note 14.

**Sensitivity of the Net Pension Liability to Changes in the Discount Rate.** The following presents the School Board's proportionate share of the net pension liability using the discount rate of 6.75 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.75 percent) or one percentage point higher (7.75 percent) than the current rate:

**Note 15. Pension Plan - Teacher Cost-Sharing Pool (continued)**

	1% Decrease (5.75%)	Current Discount Rate (6.75%)	1% Increase (7.75%)
Proportionate share of the net pension liability	\$ 93,510,116	\$ 50,333,682	\$ 14,973,557

**Pension Plan Fiduciary Net Position.** Detailed information about the VRS Teacher Retirement Plan’s fiduciary net position is available in the separately issued VRS 2024 Annual Comprehensive Financial Report. A copy of this report may be downloaded from the VRS website at [varetire.org/Pdf/Publications/2024-annual-report.pdf](http://varetire.org/Pdf/Publications/2024-annual-report.pdf) or by writing to the System’s Chief Financial Officer at P.O. Box 2500, Richmond, VA 23218-2500.

**Payables to the Pension Plan.** At June 30, 2025, the School Board reported a payable of \$985,190 for the outstanding amount of contributions to the pension plan required for the year ended June 30, 2025.

**Note 16. Other Postemployment Benefits**

**VRS Group Life Insurance Program**

**Plan Description.** All full-time, salaried permanent employees of the City, the Harrisonburg City School Board (School Board) and the Harrisonburg Electric Commission (HEC) are automatically covered by the Group Life Insurance Program (GLI Program) upon employment. The GLI Program is a cost-sharing multiple-employer defined benefit plan administered by the Virginia Retirement System (VRS) along with plans for other employer groups in the Commonwealth of Virginia and is considered other postemployment benefits (OPEB). The GLI Program provides a basic group life insurance benefit for participating employers. Title 51.1 of the *Code of Virginia* (1950), as amended, assigns the authority to establish and amend benefit provisions to the Virginia General Assembly.

In addition to the GLI Program benefit, members are also eligible to elect additional coverage for themselves as well as a spouse or dependent children through the Optional Group Life Insurance Program. For members who elect the optional group life insurance coverage, the insurer bills employers directly for the premiums. Employers deduct these premiums from members’ paychecks and pay the premiums to the insurer. Since this is a separate and fully insured program, it is not included as part of the GLI Program OPEB.

**Benefits Provided.** The benefits payable under the GLI Program have several components. A natural death benefit is equal to the employee’s covered compensation rounded to the next highest thousand and then doubled and an accidental death benefit is double the natural death benefit. In addition to the natural and accidental death benefits, additional benefits are provided under specific circumstances such as accidental dismemberment and an accelerated death benefit option.

The benefit amounts provided to covered employees are subject to a reduction factor. The benefit amount reduces by 25 percent on January 1 following one calendar year of separation. The benefit amount reduces by an additional 25 percent on each subsequent January 1 until it reaches 25 percent of its original value. For covered employees with at least 30 years of creditable service, there is a minimum benefit payable of \$9,532 that is based on the VRS Plan 2 pension cost-of-living adjustment.

**Contributions.** The contribution requirement for the GLI Program is governed by Sections 51.1-506 and 51.1-508 of the *Code of Virginia*, as amended, but may be impacted as a result of funding options provided to state agencies and school divisions by the Virginia General Assembly. The total rate for the GLI Program was 1.18 percent of covered employee compensation. This was allocated into an employee and an employer component using a 60/40 split. The employee component was 0.71 percent and the employer component was 0.47 percent. The contractually required employer contribution rate for the year ended June 30, 2025 was 0.47 percent of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2023. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits payable during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the City, the School Board and HEC to the GLI Program were \$190,398, \$314,606 and \$16,689, respectively, for the year ended June 30, 2025.

## Note 16. Other Postemployment Benefits (continued)

### VRS Group Life Insurance Program (continued)

#### **OPEB Liabilities, OPEB Expense, Deferred Outflows of Resources and Deferred Inflows of Resources**

At June 30, 2025, the City, the School Board and HEC reported a liability of \$1,647,165, \$2,667,500 and \$144,379, respectively, for their proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2024. The total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation performed as of June 30, 2023 and rolled forward to the measurement date of June 30, 2024. The City, the School Board and HEC's proportion of the net OPEB liability was based on the actuarially determined employer contributions to the GLI Program for the year ended June 30, 2024 relative to the total of the actuarially determined employer contributions for all participating employers. At the June 30, 2024 measurement date, the City, the School Board and HEC's proportion was 0.14739%, 0.23904% and 0.01367%, respectively.

For the year ended June 30, 2025, the City, the School Board and HEC recognized OPEB expense of \$61,389, \$117,580 and negative \$2,254, respectively. Since there was a change in the proportionate share between measurement dates, a portion of the OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2025, the City, the School Board and HEC reported deferred outflows of resources and deferred inflows of resources related to the GLI Program from the following sources:

	Primary Government		Component Units			
			School Board		HEC	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 259,796	\$ 40,235	\$ 420,726	\$ 65,158	\$ 22,772	\$ 3,527
Changes of assumptions	9,389	81,630	15,205	132,196	823	7,155
Net difference between projected and actual earnings on OPEB plan investments	-	138,838	-	224,842	-	12,170
Changes in proportionate share	112,300	29,553	126,727	32,514	9,843	2,590
Employer contributions subsequent to the measurement date	190,398	-	314,606	-	16,689	-
Total	<u>\$ 571,883</u>	<u>\$ 290,256</u>	<u>\$ 877,264</u>	<u>\$ 454,710</u>	<u>\$ 50,127</u>	<u>\$ 25,442</u>

The deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the subsequent fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ending June 30,	Primary Government	Component Units	
		School Board	HEC
2026	\$ (58,814)	\$ (76,847)	\$ (5,155)
2027	43,993	83,813	3,856
2028	20,743	30,887	1,818
2029	41,002	33,809	3,594
2030	44,305	36,286	3,883
Thereafter	-	-	-

## Note 16. Other Postemployment Benefits (continued)

### VRS Group Life Insurance Program (continued)

**Actuarial Assumptions.** The total OPEB liability was based on an actuarial valuation as of June 30, 2023, using the entry age normal actuarial cost method and actuarial assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2024. The actuarial assumptions used and changes to the assumptions are substantially the same as described in Note 14 and Note 15.

**Long-term Expected Rate of Return.** The long-term expected rate of return on VRS investments is substantially the same as the VRS pension plans described in Note 14.

**Discount Rate.** The discount rate used to measure the total OPEB liability was 6.75 percent and is substantially the same as described in Note 14.

**Sensitivity of the Net OPEB Liability to Changes in the Discount Rate.** The following presents the proportionate share of the net OPEB liability using the discount rate of 6.75 percent, as well as what the net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75 percent) or one percentage point higher (7.75 percent) than the current rate:

	<u>1% Decrease (5.75%)</u>	<u>Current Discount Rate (6.75%)</u>	<u>1% Increase (7.75%)</u>
<b>Primary Government:</b>			
Net OPEB Liability	\$ 2,561,555	\$ 1,647,165	\$ 908,458
<b>Component Unit - School Board:</b>			
Net OPEB Liability	\$ 4,148,310	\$ 2,667,500	\$ 1,471,201
<b>Component Unit - HEC:</b>			
Net OPEB Liability	\$ 224,529	\$ 144,379	\$ 79,629

**OPEB Plan Fiduciary Net Position.** Detailed information about the VRS GLI Program Plan's fiduciary net position is available in the separately issued VRS 2024 Annual Comprehensive Financial Report. A copy of this report may be downloaded from the VRS website at [varetire.org/Pdf/Publications/2024-annual-report.pdf](http://varetire.org/Pdf/Publications/2024-annual-report.pdf) or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA 23218-2500.

**Payables to the OPEB Plan.** At June 30, 2025, the City and the School Board reported a payable of \$46,363 and \$65,898, respectively, for the outstanding amount of contributions to the OPEB plan required for the year ended June 30, 2025.

### VRS Health Insurance Credit Program – Teacher Cost-Sharing Pool

**Plan Description.** All full-time, salaried permanent (professional) employees of the Harrisonburg City School Board (School Board) are automatically covered by the Teacher Employee Health Insurance Credit Program (HIC Program) upon employment. The HIC Program is a cost-sharing multiple-employer defined benefit plan administered by the Virginia Retirement System (VRS) along with plans for other employer groups in the Commonwealth of Virginia and is considered other postemployment benefits (OPEB). Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The health insurance credit is a tax-free reimbursement in an amount set by the Virginia General Assembly for each year of service credit to be used towards qualified health insurance premiums that a retiree pays for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premium and ends upon the retiree's death. Title 51.1 of the *Code of Virginia* (1950), as amended, assigns the authority to establish and amend benefit provisions to the Virginia General Assembly.

## Note 16. Other Postemployment Benefits (continued)

### VRS Health Insurance Credit Program – Teacher Cost-Sharing Pool (continued)

**Benefits Provided.** Eligible employees who have 15 or more years of creditable VRS service and are enrolled in a qualified health insurance plan may participate in the program. For employees who retire, the monthly benefit is \$4.00 per year of creditable service per month with no cap on the benefit amount. For employees who retire on disability or go on long-term disability under the Virginia Local Disability Program (VLDP), the monthly benefit is either (1) \$4.00 per month, multiplied by twice the amount of service credit, or (2) \$4.00 per month, multiplied by the amount of service earned had the employee been active until age 60, whichever is lower. The benefit cannot exceed the amount of the premium and ends upon the retiree's death.

**Contributions.** The contribution requirement for active employees is governed by Section 51.1-145(E) of the *Code of Virginia*, as amended, but may be impacted as a result of funding options provided to school divisions by the Virginia General Assembly. The School Board's contractually required contribution rate for the year ended June 30, 2025 was 1.21 percent of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2023. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the HIC Program were \$765,035 for the year ended June 30, 2025. Employees are not required to contribute to the HIC Program.

### **OPEB Liabilities, OPEB Expense, Deferred Outflows of Resources and Deferred Inflows of Resources**

At June 30, 2025, the School Board reported a liability of \$6,266,848 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2024. The total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation performed as of June 30, 2023 and rolled forward to the measurement date of June 30, 2024. The School Board's proportion of the net OPEB liability was based on the actuarially determined employer contributions to the HIC Program for the year ended June 30, 2024 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2024, the school division's proportion was 0.54228%.

For the year ended June 30, 2025, the School Board recognized OPEB expense of \$614,976. Since there was a change in the proportionate share between measurement dates, a portion of the OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2025, the School Board reported deferred outflows of resources and deferred inflows of resources related to the HIC Program from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ -	\$ 296,908
Changes in assumptions	107,960	-
Net difference between projected and actual earnings on OPEB plan investments	-	22,291
Changes in proportionate share	378,373	4,543
Employer contributions subsequent to the measurement date	<u>765,035</u>	<u>-</u>
Total	<u>\$ 1,251,368</u>	<u>\$ 323,742</u>

The deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the subsequent fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

**Note 16. Other Postemployment Benefits (continued)****VRS Health Insurance Credit Program – Teacher Cost-Sharing Pool (continued)**

<u>Year Ending June 30,</u>	<u>Deferred Amounts to be Recognized</u>
2026	\$ 59,123
2027	60,755
2028	29,112
2028	14,676
2030	5,950
Thereafter	(7,025)

**Actuarial Assumptions.** The total OPEB liability was based on an actuarial valuation as of June 30, 2023, using the entry age normal actuarial cost method and actuarial assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2024. The actuarial assumptions used and changes to the assumptions are substantially the same as described in Note 14 and Note 15.

**Long-term Expected Rate of Return.** The long-term expected rate of return on VRS investments is substantially the same as described in Note 14.

**Discount Rate.** The discount rate used to measure the total OPEB liability was 6.75 percent and is substantially the same as described in Note 14.

**Sensitivity of the Net OPEB Liability to Changes in the Discount Rate.** The following presents the School Board's proportionate share of the net OPEB liability using the discount rate of 6.75 percent, as well as what the net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75 percent) or one percentage point higher (7.75 percent) than the current rate:

	<u>1% Decrease (5.75%)</u>	<u>Current Discount Rate (6.75%)</u>	<u>1% Increase (7.75%)</u>
Proportionate share of the net OPEB liability	\$ 7,126,970	\$ 6,266,848	\$ 5,537,816

**OPEB Plan Fiduciary Net Position.** Detailed information about the VRS HIC Program Plan's fiduciary net position is available in the separately issued VRS 2024 Annual Comprehensive Financial Report. A copy of this report may be downloaded from the VRS website at [varetire.org/Pdf/Publications/2024-annual-report.pdf](http://varetire.org/Pdf/Publications/2024-annual-report.pdf) or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA 23218-2500.

**Payables to the OPEB Plan.** At June 30, 2025, the School Board reported a payable of \$63,807 for the outstanding amount of contributions to the OPEB plan required for the year ended June 30, 2025.

**VRS Health Insurance Credit Program – Nonprofessional Employees**

**Plan Description.** All full-time, salaried permanent (nonprofessional) employees of the Harrisonburg City School Board (School Board) are automatically covered by the Health Insurance Credit Program (HIC Program) upon employment. The HIC Program is an agent multiple-employer defined benefit plan administered by the Virginia Retirement System (VRS) along with plans for other employer groups in the Commonwealth of Virginia and is considered other postemployment benefits (OPEB). Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The health insurance

**Note 16. Other Postemployment Benefits (continued)**

**VRS Health Insurance Credit Program – Nonprofessional Employees (continued)**

credit is a tax-free reimbursement in an amount set by the Virginia General Assembly for each year of service credit to be used towards qualified health insurance premiums that a retiree pays for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premium and ends upon the retiree’s death. Title 51.1 of the *Code of Virginia* (1950), as amended, assigns the authority to establish and amend benefit provisions to the Virginia General Assembly.

**Benefits Provided.** Eligible employees who have 15 or more years of creditable VRS service and are enrolled in a qualified health insurance plan may participate in the program. For employees who retire, the monthly benefit is \$1.50 per year of creditable service per month with a maximum benefit of \$45 per month. For employees who retire on disability or go on long-term disability under the Virginia Local Disability Program (VLDP), the monthly benefit is \$45 per month. The benefit cannot exceed the amount of the premium and ends upon the retiree’s death.

**Employees Covered by Benefit Terms.** At June 30, 2023, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	12
Inactive employees entitled to but not yet receiving benefits	21
Active employees	<u>104</u>
Total inactive and active employees	<u><u>137</u></u>

**Contributions.** The contribution requirement for active employees is governed by Section 51.1-145(E) of the *Code of Virginia*, as amended, but may be impacted as a result of funding options provided to school divisions by the Virginia General Assembly. The School Board’s contractually required contribution rate for the year ended June 30, 2025 was 0.82 percent of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2023. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the HIC Program were \$30,434 for the year ended June 30, 2025. Employees are not required to contribute to the HIC Program.

**Net OPEB Liability.** The net OPEB liability is calculated separately for each employer and represents that particular employer’s total OPEB liability less that employer’s fiduciary net position. The net OPEB liability was measured as of June 30, 2024. The total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation performed as of June 30, 2023 and rolled forward to the measurement date of June 30, 2024.

**Actuarial Assumptions.** The total OPEB liability was based on an actuarial valuation as of June 30, 2023, using the entry age normal actuarial cost method and actuarial assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2024. The actuarial assumptions used and changes to the assumptions are substantially the same as described in Note 14.

**Long-term Expected Rate of Return.** The long-term expected rate of return on VRS investments is substantially the same as the VRS pension plans described in Note 14.

**Discount Rate.** The discount rate used to measure the total OPEB liability was 6.75 percent and is substantially the same as described in Note 14.

## Note 16. Other Postemployment Benefits (continued)

### VRS Health Insurance Credit Program – Nonprofessional Employees (continued)

**Changes in the Net OPEB Liability.** The following are the changes in net OPEB liability as of the measurement date of June 30, 2024:

	Increase (Decrease)		
	Total OPEB Liability	Plan Fiduciary Net Position	Net OPEB Liability
Balances at June 30, 2023	\$ 131,197	\$ 55,105	\$ 76,092
Changes for the year:			
Service cost	2,443	-	2,443
Interest	8,840	-	8,840
Differences between expected and actual experience	(8,944)	-	(8,944)
Contributions-employer	-	26,858	(26,858)
Net investment income	-	6,598	(6,598)
Benefit payments, including refunds of employee contributions	(5,342)	(5,342)	-
Administrative expense	-	(101)	101
Net changes	(3,003)	28,013	(31,016)
Balances at June 30, 2024	\$ 128,194	\$ 83,118	\$ 45,076

**Sensitivity of the Net OPEB Liability to Changes in the Discount Rate.** The following presents the School Board's net OPEB liability using the discount rate of 6.75 percent, as well as what the net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75 percent) or one percentage point higher (7.75 percent) than the current rate:

	1% Decrease (5.75%)	Current Discount Rate (6.75%)	1% Increase (7.75%)
Net OPEB Liability	\$ 59,012	\$ 45,076	\$ 33,215

### **OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources**

For the year ended June 30, 2025, the School Board recognized pension expense of negative \$14,563. At June 30, 2025, the School Board reported deferred outflows of resources and deferred inflows of resources related to the HIC from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 68,134
Changes in assumptions	3,436	-
Net difference between projected and actual earnings on pension plan investments	-	1,295
Employer contributions subsequent to the measurement date	30,434	
Total	\$ 33,870	\$ 69,429

The deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the subsequent fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

## Note 16. Other Postemployment Benefits (continued)

### VRS Health Insurance Credit Program – Nonprofessional Employees (continued)

<u>Year Ending June 30,</u>	<u>Deferred Amounts to be Recognized</u>
2026	\$ (21,558)
2027	(22,541)
2028	(19,763)
2029	(2,131)
2030	-
Thereafter	-

**HIC Program Data.** Detailed information about the VRS HIC Program is available in the separately issued VRS 2024 Annual Comprehensive Financial Report. A copy of this report may be downloaded from the VRS website at [varetire.org/Pdf/Publications/2024-annual-report.pdf](http://varetire.org/Pdf/Publications/2024-annual-report.pdf) or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA 23218-2500.

**Payables to the OPEB Plan.** At June 30, 2025, the School Board reported a payable of \$2,553 for the outstanding amount of contributions to the OPEB plan required for the year ended June 30, 2025.

### Local Health Insurance Program

#### **Plan Description**

**City of Harrisonburg.** The City provides certain healthcare benefits for retired employees through the City of Harrisonburg Postretirement Healthcare Benefit Plan (Plan). The plan is administered through a single-employer defined benefit plan and is considered other postemployment benefits (OPEB). The Plan provides for an option to eligible retirees and their eligible dependents to continue their coverage in the same health insurance program available to all City employees at the active employee rates. Eligible retirees must be 50 years of age and meet the Virginia Retirement System requirements for service or disability retirement. Retirees must have at least 15 years of consecutive eligible service with the City immediately prior to retirement. Also, retirees must have participated in the City's health insurance program for a minimum of five years immediately prior to retirement. The benefit ends upon the retiree's eligibility for Medicare coverage. There are no assets accumulated in a trust to pay the related benefits of this program. These benefit provisions are established and may be amended by the Harrisonburg City Council through the City's Human Resources Policy Manual. The Plan does not issue a publicly available financial report.

**School Board.** The Harrisonburg City School Board provides certain healthcare benefits for retired employees through the Harrisonburg City School Board Postretirement Healthcare Benefit Plan (Plan). The plan is administered through a single-employer defined benefit plan and is considered other postemployment benefits (OPEB). The Plan provides for an option to eligible retirees and their eligible dependents to continue their coverage in the same health insurance program available to all School Board employees at the active employee rates. Eligible retirees must be 50 years of age and meet the Virginia Retirement System requirements for service or disability retirement. Retirees must have at least ten years of cumulative eligible service with the School Board with a minimum of five years immediately prior to retirement. Depending on the number of years of eligible service, the retiree may remain on the plan for a maximum of fifteen years but in all instances the benefit ends upon the retiree's eligibility for Medicare coverage. There are no assets accumulated in a trust to pay the related benefits of this program. These benefit provisions are established and may be amended by the Harrisonburg City School Board through the School Board's Human Resources Policy Manual. The Plan does not issue a publicly available financial report.

**Note 16. Other Postemployment Benefits (continued)**

**Local Health Insurance Program (continued)**

**Benefits Provided**

**City of Harrisonburg.** The City contributes \$10 for each full year of service up to a maximum of \$350 towards the retiree’s monthly premium. The retiree must contribute any remaining monthly premium amount based on the coverage that is selected.

**School Board.** The School Board contributes \$10 for each full year of service up to a maximum of \$350 towards the retiree’s monthly premium. The retiree must contribute the remaining monthly premium amount.

**Employees Covered by Benefit Terms.** At June 30, 2023, the following employees were covered by the benefit terms:

	<u>Primary Government</u>	<u>School Board</u>
Inactive employees or beneficiaries currently receiving benefits	51	56
Active employees	<u>608</u>	<u>1,023</u>
Total inactive and active employees	<u><u>659</u></u>	<u><u>1,079</u></u>

**Contributions.** The contribution requirements of the City Plan are established and may be amended by the Harrisonburg City Council through the City’s Human Resources Policy Manual. The contribution requirements of the School Board Plan are established and may be amended by the Harrisonburg City School Board through the School Board’s Human Resources Policy Manual. The City and the School Board currently pay for these benefits on a pay-as-you-go basis.

**Total OPEB Liability.** The total OPEB liabilities of \$7,121,768 and \$8,977,152 for the City and School Board, respectively, were measured as of June 30, 2025 and were determined by actuarial valuations performed as of June 30, 2025.

**Actuarial Assumptions.** The total OPEB liabilities were based on an actuarial valuation as of June 30, 2023, using the entry age normal actuarial cost method. The following assumptions were applied to all periods included in the measurement.

Inflation	Not applicable
Salary increases	Not applicable
Investment rate of return	Not applicable
Healthcare cost trend rate	6.25 percent in 2023 and decreasing uniformly from 7 percent to 5.6 percent over the following three years. Afterwards follows the Getzen model to an ultimate rate of 4.04 percent in the year 2075.

The mortality, retirement, withdrawal, and disability assumptions are substantially the same as the assumptions used in the June 30, 2022 valuation of the Virginia Retirement System as described in Note 14.

Changes to the actuarial assumptions used for the June 30, 2023 actuarial valuation include updates to the discount rate, healthcare cost trend rate and to the withdrawal, retirement, mortality, and disability assumptions to be consistent with VRS’s actuarial assumptions.

**Discount Rate.** The discount rate used to measure the OPEB liabilities was 4.13 percent based on the S&P Municipal Bond 20 Year High Grade Rate Index as of June 30, 2023.

**Note 16. Other Postemployment Benefits (continued)****Local Health Insurance Program (continued)**

**Changes in the Total OPEB Liability.** The following are the changes in the total OPEB liability as of the measurement date of June 30, 2025:

	Primary Government	School Board
Balances at June 30, 2024	\$ 7,178,726	\$ 8,923,924
Changes for the year:		
Service cost	156,864	437,996
Interest	282,463	356,051
Differences between expected and actual experience	-	-
Changes in assumptions	-	-
Benefit payments	(496,285)	(740,819)
Net changes	(56,958)	53,228
Balances at June 30, 2025	\$ 7,121,768	\$ 8,977,152

**Sensitivity of the Total OPEB Liability to Changes in the Discount Rate.** The following presents the City and the School Board's total OPEB liability using the discount rate of 4.13 percent, as well as what the total OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (3.13 percent) or one percentage point higher (5.13 percent) than the current rate:

	1% Decrease (3.13%)	Current Rate (4.13%)	1% Increase (5.13%)
<b>Primary Government:</b>			
Total OPEB liability	\$ 7,753,298	\$ 7,121,768	\$ 6,555,481
<b>School Board:</b>			
Total OPEB liability	\$ 9,858,416	\$ 8,977,152	\$ 8,191,918

**Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rate.** The following presents the City and the School Board's total OPEB liability using the current healthcare cost trend, as well as what the total OPEB liability would be if it were calculated using a healthcare cost trend rate that is one percentage point lower or one percentage point higher than the current rate:

	1% Decrease	Current Rate	1% Increase
<b>Primary Government:</b>			
Total OPEB liability	\$ 6,466,953	\$ 7,121,768	\$ 7,888,235
<b>School Board:</b>			
Total OPEB liability	\$ 8,028,162	\$ 8,977,152	\$ 10,111,113

**OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources**

For the year ended June 30, 2025, the City and the School Board recognized OPEB expense of negative \$53,888 and \$335,789, respectively. At June 30, 2025, the City and the School Board reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

## Note 16. Other Postemployment Benefits (continued)

### Local Health Insurance Program (continued)

	Primary Government		School Board	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 1,910,086	\$ 224,966	\$ 2,508,143
Changes in assumptions	129,490	1,215,705	176,455	896,122
Total	<u>\$ 129,490</u>	<u>\$ 3,125,791</u>	<u>\$ 401,421</u>	<u>\$ 3,404,265</u>

The amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ending June 30,	Primary Government	School Board
2026	\$ (853,801)	\$ (458,259)
2027	(853,803)	(599,880)
2028	(644,349)	(599,880)
2029	(644,348)	(599,884)
2030	-	(372,469)
Thereafter	-	(372,472)

### OPEB Aggregate Totals

The following is a summary of the aggregate totals for deferred outflows of resources, deferred inflows of resources and net/total OPEB liability at June 30, 2025 and OPEB expense for the fiscal year ended June 30, 2025:

	Deferred Outflows of Resources	Deferred Inflows of Resources	Net/Total OPEB Liability	OPEB Expense
<b>Primary Government:</b>				
VRS Group Life Insurance Program	\$ 571,883	\$ 290,256	\$ 1,647,165	\$ 61,389

## Note 17. Joint Ventures

**Harrisonburg-Rockingham Regional Sewer Authority.** The City, Rockingham County, and the towns of Bridgewater, Dayton and Mt. Crawford have entered into an agreement with the Harrisonburg-Rockingham Regional Sewer Authority (Authority), whereby the Authority agrees to operate a sewage disposal system for the participating municipalities. The municipalities have an ongoing financial responsibility based on an agreement to make annual contributions to the Authority for operations and maintenance based on their respective usage of the system. The municipalities also agree to make contributions to the Authority for debt service. In fiscal year 2025, the City's contributions totaled \$7,207,519 of which \$3,563,009 was for operations, \$2,693,039 was for debt service and \$951,471 was for capital purposes. These contributions are made from the Sewer Fund. The City does not have an ongoing financial interest in the Authority since it does not have access to the Authority's resources or surpluses, nor is it liable for the Authority's debts or deficits. To obtain a copy of the audited financial statements, contact the Authority at P.O. Box 8, 856 North River Road, Mt. Crawford, Virginia 22841.

The Authority has \$43.4 million of total bonded debt outstanding at June 30, 2025. The City's share of the required principal and interest payments for the Authority's bond issues is projected as follows:

Fiscal Year	Principal	Interest	Total
2026	\$ 2,159,451	\$ 533,588	\$ 2,693,039
2027	2,221,433	471,606	2,693,039
2028	2,285,329	407,710	2,693,039
2029	2,351,200	341,839	2,693,039
2030	2,419,109	273,930	2,693,039
2031-2035	4,406,338	833,581	5,239,919
2035-2040	2,795,689	508,044	3,303,733
2041-2045	2,432,060	234,737	2,666,797
2046-2050	821,947	58,389	880,336
2051	86,434	2,399	88,833
Total	<u>\$ 21,978,990</u>	<u>\$ 3,665,823</u>	<u>\$ 25,644,813</u>

The following information is a condensed statement of net position as of the end of the two most recent fiscal years for the Authority.

	June 30, 2025	June 30, 2024	Increase (Decrease)
Current assets	\$ 11,267,093	\$ 10,860,371	\$ 406,722
Restricted assets	3,446,844	3,337,128	109,716
Capital assets	86,390,639	89,128,362	(2,737,723)
Other assets	870,312	855,903	14,409
Total assets	<u>101,974,888</u>	<u>104,181,764</u>	<u>(2,206,876)</u>
Deferred outflows of resources	<u>361,248</u>	<u>522,836</u>	<u>(161,588)</u>
Current liabilities	3,700,062	3,834,976	(134,914)
Liabilities payable from restricted assets	2,148,406	2,072,857	75,549
Long-term liabilities	<u>39,270,949</u>	<u>44,473,030</u>	<u>(5,202,081)</u>
Total liabilities	<u>45,119,417</u>	<u>50,380,863</u>	<u>(5,261,446)</u>
Deferred inflows of resources	<u>456,054</u>	<u>213,615</u>	<u>242,439</u>
Net position	<u>\$ 56,760,665</u>	<u>\$ 54,110,122</u>	<u>\$ 2,650,543</u>

**Note 17. Joint Ventures (continued)**

**Harrisonburg-Rockingham Emergency Communications Center.** The City and Rockingham County (County) entered into an agreement that created the Harrisonburg-Rockingham Emergency Communications Center (HRECC), whereby the HRECC operates a joint emergency operations center and a joint two-way radio communications system. The City and County have an ongoing financial responsibility in that the City and County have agreed to equally provide any necessary funding for the HRECC. In fiscal year 2025, the City's contributions totaled \$3,931,060. These contributions are made from the General Fund. The City and County have equal undivided interests in any property purchased or used by the HRECC. The HRECC currently operates using certain capital assets of the City and County; however, the HRECC is responsible for the maintenance of these assets. To obtain a copy of the audited financial statements, contact the City of Harrisonburg Department of Finance, 409 South Main Street, Harrisonburg, Virginia 22801.

The following information is a condensed statement of net position as of the end of the two most recent fiscal years for the HRECC.

	<u>June 30, 2025</u>	<u>June 30, 2024</u>	<u>Increase (Decrease)</u>
Current assets	\$ 10,388,784	\$ 10,182,351	\$ 206,433
Capital assets	<u>8,191,694</u>	<u>8,275,636</u>	<u>(83,942)</u>
Total assets	<u>18,580,478</u>	<u>18,457,987</u>	<u>122,491</u>
Deferred outflows of resources	<u>712,571</u>	<u>639,677</u>	<u>72,894</u>
Current liabilities	798,469	878,987	(80,518)
Long-term liabilities	<u>3,691,250</u>	<u>3,747,007</u>	<u>(55,757)</u>
Total liabilities	<u>4,489,719</u>	<u>4,625,994</u>	<u>(136,275)</u>
Deferred inflows of resources	<u>2,687,488</u>	<u>2,806,358</u>	<u>(118,870)</u>
Net position	<u>\$ 12,115,842</u>	<u>\$ 11,665,312</u>	<u>\$ 450,530</u>

**Note 18. Jointly Governed Organizations**

**Harrisonburg-Rockingham Social Services District (District).** The District was established by the City and the County of Rockingham (County) to provide social services for the residents of the City and County. Both the City and County appoint one member each to the governing board. The District is a separate legal entity and is a discretely presented component unit of the County. The City contributed \$6,200,895 to the District in fiscal year 2025.

**Shenandoah Valley Juvenile Center Commission (Commission).** The Commission was established to provide a regional juvenile detention home. The Commission currently serves the Cities of Harrisonburg, Staunton, Waynesboro and Lexington, Virginia and the Counties of Augusta, Rockingham and Rockbridge, Virginia. The governing body is composed of one member appointed by each participating locality. The Commission is a separate legal entity with no participating locality having a voting majority. The Commission is perpetual and no participating locality has access to its resources or surpluses, nor is any participant liable for the Commission's debts or deficits. The City contributed \$198,568 to the Commission in fiscal year 2025.

**Middle River Regional Jail Authority (Authority).** The Authority was established to provide a regional inmate facility for the member jurisdictions. The Authority currently serves the Cities of Harrisonburg, Staunton and Waynesboro, Virginia and the Counties of Augusta and Rockingham, Virginia. The governing body is composed of three members appointed by each participating locality. The Authority is a separate legal entity with no participating

**Note 18. Jointly Governed Organizations (continued)**

locality having a voting majority. The Authority is perpetual, and no participating locality has access to its resources or surpluses, nor is any participant liable for the Authority's debts or deficits. In accordance with a service agreement, the Authority will divide its charges to member jurisdictions into an operating and debt service component which will be allocated annually based on the percentage of prisoners from each member jurisdiction over the previous three calendar years. The City and County's annual contribution percentage will be combined based on the total number of prisoners between the two jurisdictions with the City and County each responsible for 50 percent of the contribution. The City contributed \$1,681,067 to the Authority in fiscal year 2025 of which \$1,446,392 was for operations and \$234,675 was for debt service.

**Note 19. Related Organization**

The City created the Harrisonburg Redevelopment and Housing Authority (Authority) to provide low-income housing to the residents of the City. The Authority is a separate legal entity and is governed by five commissioners who are appointed solely by the City Council. The City does not have an ongoing financial interest or responsibility to the Authority.

**Note 20. Commitments**

The City has several contracts outstanding for the continued construction of the eastern source waterline project. The contracts total \$19.2 million, of which \$6.6 million had been expended as of June 30, 2025. The contracts are a commitment of the Water Fund and are being financed through bond proceeds and currently available funds.

The City has a contract outstanding for the construction of a new fire station. The contract totals \$6.9 million, of which \$5.7 million had been expended as of June 30, 2025. The contract is a commitment of the General Capital Projects Fund and is being financed through federal ARPA funds and currently available funds.

The City has a contract outstanding for the replacement of Kids Castle playground in Purcell Park. The contract totals \$3.4 million, of which \$636,000 had been expended as of June 30, 2025. The contract is a commitment of the General Capital Projects Fund and is being financed through federal ARPA funds and currently available funds.

The City has a contract outstanding for the realignment of University Boulevard. The contract totals \$9.9 million, of which no funds had been expended as of June 30, 2025. The contract is a commitment of the General Capital Projects Fund and is being financed primarily through VDOT and James Madison University funding.

The following is a summary of significant encumbrances at June 30, 2025.

	General Fund	General Capital Projects Fund	Other Governmental Funds	Total
Fire trucks	\$ 2,929,092	\$ -	\$ -	\$ 2,929,092
Other motor vehicles and equipment	1,547,788	-	-	1,547,788
Street repaving	780,453	-	-	780,453
Traffic signal replacement	431,813	-	-	431,813
Fire Station No. 5	-	1,271,205	-	1,271,205
Municipal building renovation	-	822,650	-	822,650
Kids castle playground replacement	-	745,320	-	745,320
Replacement school buses	-	-	1,496,681	1,496,681
Other purposes	1,247,292	462,608	-	1,709,900
Total encumbrances	<u>\$ 6,936,438</u>	<u>\$ 3,301,783</u>	<u>\$ 1,496,681</u>	<u>\$ 11,734,902</u>

## **Note 21. Transactions with Component Units**

In fiscal year 2025, the City's General Fund made contributions to the School Board, a component unit, totaling \$46,534,609 comprised of \$46,014,609 for the purpose of funding the School Board's operating budget and \$520,000 for capital purposes.

In fiscal year 2025, the Harrisonburg Electric Commission, a component unit, made contributions to the City's General Fund totaling \$5,200,000 for the purpose of funding the General Fund budget.

## **Note 22. Conduit Debt**

From time to time, the City has issued Harrisonburg Economic Development Authority (EDA) bonds and Harrisonburg Redevelopment and Housing Authority (HRHA) bonds that provide capital financing to private-sector entities for the acquisition and construction of industrial, commercial, and public and private facilities deemed to be in the public interest. The properties financed are pledged as collateral, and the bonds are payable solely from payments received from the private-sector entities on the underlying mortgage or promissory notes. In addition, no commitments beyond the collateral, the payments from the private-sector entities, and maintenance of the tax-exempt status of the conduit debt obligations were extended by the EDA or RHA for any of the bonds. The City, the State, nor any political subdivision thereof is obligated in any manner for the repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. As of June 30, 2025, there were five series of HRHA bonds outstanding, with an aggregate principal amount of \$20.5 million.

## **Note 23. Hotel and Conference Center**

The City has entered into a Memorandum of Understanding (MOU) and associated documents with the Harrisonburg Economic Development Authority (EDA), James Madison University (JMU), dpM Partners, LLC (Developer) and the James Madison University Foundation, Inc. (Foundation) for the construction of a hotel and conference center by the Developer on the campus of JMU. The Developer has financed and owns the hotel portion of the project while the Foundation financed the conference center portion of the project with the Developer retaining ownership of the conference center. The real estate occupied by the hotel and conference center will continue to be owned by JMU and leased to the Developer.

The City has entered into a support agreement with the EDA whereas the City has agreed to a non-binding moral obligation pledge to appropriate all tax and other revenue generated from the hotel and conference center to the EDA to the extent necessary to reimburse the Foundation for its annual debt payments and the EDA has a non-recourse note to pay to the Foundation such appropriated funds received from the City and generated by tax revenue from the hotel and conference center. The pledged tax revenue will be calculated every September 1. The agreement remains in force for a maximum of 21 years from the date of the Certificate of Occupancy. The City's obligation terminates upon the repayment of the Foundation's construction debt or if the hotel and conference center ceases operations for one year. The agreement does not legally obligate the City for any debt incurred by the Foundation. The conference center portion of the project cost an estimated \$11 million. For the year ended 2025, the City's reimbursement obligation to the EDA totaled \$1,204,665.

## **Note 24. Risk Management**

The City is a member of the Virginia Risk Sharing Association (VRSA) for vehicles, property, inland marine, EDP, flood, general liability, line of duty, workman's compensation, cybersecurity and boiler and machinery. Each VRSA member jointly and severally agrees to assume, pay and discharge any liability. The City makes contributions and assessments into a designated cash reserve fund. This reserve fund is used to pay claims and awards, as well as, expenses incurred by VRSA. In the event of a loss deficit and depletion of all available excess reserves, VRSA may assess all members in the proportion which the premium of each bears to the total premiums of all members in the year in which such deficit occurs. However, since the inception of this insurance association, no additional assessments have been required. There has been no reduction in insurance coverage from coverage in the prior year. Insurance settlements have not exceeded insurance coverage for each of the past three fiscal years. The City insures its transit buses through the Virginia Transit Liability Pool.

#### Note 24. Risk Management (continued)

The City is self-insured for health insurance purposes and has retained Anthem Blue Cross and Blue Shield to administer the program. The City currently reports these activities in the Health Insurance Fund, which is an internal service fund. This fund serves the City, primary government; Harrisonburg School Board and Harrisonburg Electric Commission, component units. Other external agencies also participate in the health insurance including Harrisonburg-Rockingham Emergency Communications Center, Harrisonburg-Rockingham Community Services Board, Harrisonburg-Rockingham Regional Sewer Authority, Harrisonburg-Rockingham Alcohol Safety Action Program, Harrisonburg Redevelopment and Housing Authority and the Massanutten Regional Library. This fund accounts for the health insurance activities of the aforementioned entities but does not constitute a transfer of risk from the City. Significant claims, over \$300,000, are covered by commercial insurance.

The City records an estimated liability for indemnity health care claims. Claims liabilities are based on estimates of the ultimate cost of reported claims, related claim adjustment expenses and an estimate for claims incurred but not reported (IBNR) based on historical experience. The following represents the change in approximate aggregate liabilities for the fund from July 1, 2023 to June 30, 2025:

<u>Fiscal Year</u>	<u>Beginning Liability</u>	<u>Claims and Changes in Estimates</u>	<u>Claim Payments</u>	<u>Ending Liability</u>
2025	\$ 518,446	\$ 22,600,202	\$ 22,022,458	\$ 1,096,190
2024	1,008,517	19,483,898	19,973,969	518,446

#### Note 25. Contingencies

All major federal programs and certain other programs in which the City participates were tested, by our auditors, for compliance with applicable grant requirements pursuant to the provisions of the U.S. Office of Management and Budget's Uniform Guidance. While no material matters of noncompliance were disclosed by the audit, the Federal Government may subject grant programs to additional compliance tests, which may result in disallowed expenditures. In the opinion of management, any future disallowance of current grant program expenditures, if any, would be immaterial.

The City may be subject to other legal proceedings and claims which arise in the ordinary course of business. In the opinion of management, the ultimate outcome of the claims and litigation, if any, will not have a material adverse effect on the City's financial position.

The City has certain debt instruments subject to arbitrage rebate calculations. The City has recorded an estimate of approximately \$1.4 million as a liability for arbitrage rebate purposes.

#### Note 26. Restatement of Beginning Net Position

The beginning net position of the Harrisonburg Electric Commission (HEC), a component unit, has been restated due to the adoption of GASB Statement No. 101, *Compensated Absences*.

Net position at the beginning of the year, as previously reported	\$ 101,080,015
Restatement for:	
Effect of GASB Statement No. 101 adoption	<u>(88,131)</u>
Net position at the beginning of the year, as restated	<u>\$ 100,991,884</u>

## **Note 27. New Governmental Accounting Standards Board (GASB) Standards**

The GASB issues new financial reporting standards on an ongoing basis. The following are summaries of new standards that may be applicable to the City. Management has not yet determined the effects, if any, these standards will have on the City's financial statements.

In April 2024, the GASB issued Statement No. 103, *Financial Reporting Model Improvements*. This Statement updates key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. The provisions of this Statement are effective for fiscal year 2026.

In September 2024, the GASB issued Statement No. 104, *Disclosure of Certain Capital Assets*. This Statement updates requirements that will provide users of government financial statements with essential information about certain types of capital assets. The provisions of this Statement are effective for fiscal year 2026.

Current financial reporting standards require ten years of required supplementary information. However, fiscal year 2018 (plan year 2017) was the first year that information was available. Additional years will be included as they become available.

## Note 1. Pension Plans

The Harrisonburg Electric Commission (HEC), a component unit, participates in the City's pension plan. The amounts provided for the primary government includes both the City and HEC's combined pension information.

**Changes of Benefit Terms.** There have been no significant changes to the Virginia Retirement System (VRS) benefit provisions since the prior actuarial valuation.

**Changes of Assumptions.** The actuarial assumptions used in the June 30, 2023 valuation were based on the results of an actuarial experience study for the period July 1, 2016 through June 30, 2020. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

All Others (Non 10 Largest) – Non-Hazardous Duty:

- Updated mortality table to PUB2010 public sector mortality rates. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
- Adjusted retirement rates for better fit experience for Plan 1, set separate retirement rates based on experience for Plan 2/Hybrid, and changed final retirement from 75 to 80 for all plans
- Adjusted withdrawal rates at each year age and service through 9 years of service

All Others (Non 10 Largest) – Hazardous Duty:

- Updated mortality table to PUB2010 public sector mortality rates and increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
- Adjusted retirement rates for better fit experience and changed final retirement from 65 to 70
- Adjusted withdrawal rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with the Largest 10 Hazardous Duty

Teacher Cost-Sharing Pool:

- Updated mortality table to PUB2010 public sector mortality rates. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
- Adjusted retirement rates for better fit experience for Plan 1, set separate retirement rates based on experience for Plan 2/Hybrid, and changed final retirement from 75 to 80 for all plans
- Adjusted withdrawal rates at each year age and service through 9 years of service

## Note 2. Other Postemployment Benefit Plans

### VRS Group Life Insurance Program

The Harrisonburg Electric Commission (HEC), a component unit, participates in the City's Group Life Insurance plan. The amounts provided for the primary government includes both the City and HEC's combined OPEB information.

**Changes of Benefit Terms.** There have been no significant changes to the Virginia Retirement System (VRS) benefit provisions since the prior actuarial valuation.

**Changes of Assumptions.** The changes in actuarial assumptions used are substantially the same as described in Note 1.

## **Note 2. Other Postemployment Benefit Plans (continued)**

### **VRS Health Insurance Credit Program – Teacher Cost-Sharing Pool**

**Changes of Benefit Terms.** There have been no significant changes to the Virginia Retirement System (VRS) benefit provisions since the prior actuarial valuation.

**Changes of Assumptions.** The changes in actuarial assumptions used are substantially the same as described in Note 1.

### **VRS Health Insurance Credit Program – Nonprofessional Employees**

**Changes of Benefit Terms.** There have been no significant changes to the Virginia Retirement System (VRS) benefit provisions since the prior actuarial valuation.

**Changes of Assumptions.** The changes in actuarial assumptions used are substantially the same as described in Note 1.

### **Local Health Insurance Program**

There are no assets accumulated in a trust to pay the related benefits of this program.

**Changes of Benefit Terms.** There have been no significant changes to the benefit provisions since the prior actuarial valuation.

**Changes of Assumptions.** The following changes were made to the actuarial assumptions and methods used in the June 30, 2023 actuarial valuation for the City and School Board:

- Increased the discount rate from 2.18% to 4.13% based on the S&P Municipal Bond 20 Year High Grade Rate Index.
- The assumed healthcare cost trend rate was changed from 6.25% grading uniformly to 5.75% over two years and following the Getzen model thereafter until reaching an ultimate rate of 4.04% in the year 2075 to 6.25% in 2023, and then decreased uniformly from 7% to 5.6% over the next three years to then follow the Getzen model to an ultimate rate of 4.04% in 2075.
- Mortality, retirement, withdrawal and disability assumptions were changed to be consistent with the most recent VRS report for GASB 68 issued in July 2022.

## **Nonmajor Governmental Funds**

### **Special Revenue Funds**

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

**Community Development Block Grant Fund** - This fund accounts for the administration of the community development block grant funds received from the Federal Government.

**School Transportation Fund** - This fund accounts for the operations of the City's school bus system. Financing is provided by payments for services from the Harrisonburg City School Board. Funding is a committed revenue source and is used only for the operations of the school bus system.

**Business Loan Program Fund** - This fund accounts for the administration of the Harrisonburg Business Loan Program which is a revolving loan program. This program provides microloans to qualifying local businesses. Financing originally has been provided by the Federal Government along with additional funding from the City.

## **Internal Service Funds**

Internal service funds are used to account for the financing of goods and services provided by one department or agency to other departments or agencies of the government and to other governmental units, on a cost reimbursement basis.

**Central Garage Fund** - This fund accounts for the operations of the City's central garage. Financing is provided by charges to other departments and agencies for services rendered and transfers from other funds for overhead costs.

**Central Stores Fund** - This fund accounts for the operations of the City's central stores. Financing is provided by charges to other departments and agencies for the sale of materials and supplies and transfers from other funds for overhead costs.

**Health Insurance Fund** - This fund accounts for the health insurance premium collections and claims payments related to the operation of the City's self-insured health insurance program. Financing is provided by premiums paid by departments, employees and organizations which participate in the insurance plan.

## **Discretely Presented Component Unit – School Board**

### **General Fund**

**School Fund** - This fund accounts for the operations of the School Board's elementary, middle and high schools not accounted for and reported in other funds.

### **Special Revenue Fund**

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specific purposes other than debt service or capital projects.

**School Nutrition Fund** - This fund accounts for the operations of the School Board's centralized cafeterias.

**School Activity Fund** - This fund accounts for the financial resources received from extracurricular school activities, such as from entertainment, athletic contests, club dues and from all school sponsored activities that involve school personnel, students or property.

**DISCRETELY PRESENTED COMPONENT UNIT - SCHOOL BOARD**  
**RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES,**  
**EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES**  
**For the Year Ended June 30, 2025**

---

**Exhibit D-4**

Total net change in fund balances of governmental funds (Exhibit D-3) \$ (2,589,534)

Amounts reported for governmental activities in the statement of activities (Exhibit 2) are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. This is the amount by which depreciation and amortization expense exceeded capital outlay expenditures .

Capital outlay expenditures	\$ 5,338,606	
Depreciation and amortization expense	<u>(5,410,255)</u>	
Net adjustment	\$ <u>(71,649)</u>	(71,649)

The transfer of capital assets between the primary government and the School Board affects only the statement of activities. These transfers do not have an effect on current financial resources and, therefore, are not reported in governmental funds. 8,555,717

The repayment of the principal of long-term debt (e.g. bonds, leases) consumes the current financial resources of governmental funds, however, these transactions have no effect on net position. This amount is the net effect of the differences in the treatment of long-term debt. 179,735

Certain expenses reported in the statement of activities that do not require the use of current financial resources are not reported as expenditures in governmental funds. This amount is the net change in these expenses. (96,865)

Governmental funds report employer OPEB and contributions as expenditures. However, in the statement of activities the cost of OPEB and pension benefits earned, net of employee contributions, are reported as OPEB and pension expense. This is the amount by which employer OPEB and pension contributions exceeded OPEB and pension expense.

Employer OPEB contributions	\$ 1,850,894	
Employer pension contributions	9,115,800	
OPEB expense	(1,053,782)	
Pension expense	<u>(6,116,271)</u>	
Net adjustment	\$ <u>3,796,641</u>	<u>3,796,641</u>

Change in net position of governmental activities (Exhibit 2) \$ 9,774,045

# STATISTICAL SECTION

This part of the City's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, notes disclosures and other supplementary information says about the City's overall financial health.

**Financial Trends.** Tables 1 through 5 contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

**Revenue Capacity.** Tables 6 through 9 present information to help the reader assess the factors affecting the City's ability to generate property tax revenue which is the City's most significant local revenue source.

**Debt Capacity.** Tables 10 through 12 present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future. The City does not have any overlapping debt.

**Demographic and Economic Information.** Tables 13 and 14 offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place and to help make comparisons over time with other governments.

**Operating Information.** Tables 15 through 17 contain information about the City's operations and resources to help the reader understand how the City's financial information relates to the services the City provides and the activities it performs.

**Sources:** *Unless otherwise noted, the information in these tables is derived from the annual comprehensive financial reports for the relevant year.*

**Notes:** The City implemented GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* in fiscal year 2018. The City implemented GASB Statement No. 87, *Leases* in fiscal year 2022. The City implemented GASB Statement No. 96, *Subscription-Based Information Technology Arrangements* in fiscal year 2023. Prior year information has not been restated.

<sup>a</sup>For 2020 and 2021, the increase in the health and human services activity reflected contributions made to the Harrisonburg-Rockingham Community Services Board (HRCBSB) for the City's share of a new HRCBSB facility.

<sup>b</sup>For 2021, the increase in the community development activity reflected community and business assistance payments provided by the City from its federal CARES Act funding.

<sup>c</sup>For 2024, the increase in charges for services other activities was the implementation of speed camera fines in specific work zone areas.

<sup>d</sup>For 2017, the increase in capital grants and contributions reflected increased state and federal funding for several capital projects including the Reservoir Street project.

<sup>e</sup>For 2019, the decrease in capital grants and contributions reflected decreased state and federal funding for several completed capital projects including the Reservoir Street and MLK, Jr. Way projects.

<sup>f</sup>For 2024, the increase in capital grants and contributions reflected the contribution of property by James Madison University for the University Boulevard realignment project.

<sup>g</sup>For 2017 and 2021, the increase in capital grants and contributions reflected state and federal funding from the purchase of new transit buses and other public transportation projects.

<sup>h</sup>For 2020 and 2021, the increase in unrestricted grants and contributions reflected the use of federal CARES Act funding.

<sup>i</sup>For 2024, the increase in unrestricted grants and contributions reflected the use of federal ARPA funding.

<sup>j</sup>For 2023, the increase in unrestricted payments from component units reflected \$2.4 million provided by the School Board for debt service on Rocktown High School.

<sup>k</sup>For 2023, the increase in investment revenue reflected significantly increasing interest rates.

**Notes:** Any significant increases or decreases for 2025 are explained in Management's Discussion and Analysis.

<sup>a</sup>For 2018, 2021 and 2022, the increases in general fund assigned fund balance was the result of approximately \$1.4 million, \$3 million and \$6.3 million, respectively, of fund balance used to balance the subsequent year's budget.

<sup>b</sup>The increases and decreases in other governmental funds' restricted fund balance are the result of bond proceeds that are used for various capital project purposes.

**Notes:** The City implemented GASB Statement No. 87, Leases in fiscal year 2022. The City implemented GASB Statement No. 96, Subscription-Based Information Technology Arrangements in fiscal year 2023. Prior year information has not been restated. Any significant increases or decreases for 2025 are explained in Management's Discussion and Analysis. Any significant increases or decreases in general property taxes and other local taxes revenue are provided in Table 5. Any significant increases or decreases in long-term debt issued or incurred are provided in Table 10.

<sup>a</sup>For 2024, the increase in fines and forfeitures was the implementation of speed camera fines in specific work zone areas.

<sup>b</sup>For 2023, the increase in use of money and property reflected significantly increasing interest rates.

<sup>c</sup>For 2023, the increase in payments from component units reflected \$2.4 million provided by the School Board for debt service on Rocktown High School.

<sup>d</sup>For 2020, the increase in intergovernmental revenues reflected the use of federal CARES Act funding.

<sup>e</sup>For 2024, the increase in intergovernmental revenues reflected the use of federal ARPA funding.

<sup>f</sup>For 2023, the increase in public works expenditures was from an increase in street repaving and other infrastructure maintenance costs.

<sup>g</sup>For 2021, the increase in community development expenditures reflected community and business assistance payments provided by the City from its federal CARES Act funding.

**Notes:** Any significant increases or decreases for 2025 are explained in Management's Discussion and Analysis.

<sup>a</sup>For 2017, 2018, 2020, 2022, 2023 and 2024, the increases in real estate taxes were the result of an increase in the real estate tax rate.

<sup>b</sup>For 2020, the decrease in tax revenue was the result of negative economic effects of the COVID-19 pandemic.

<sup>c</sup>For 2018, the increase in consumer utility taxes was the result of an increase in the tax rates.

<sup>d</sup>For 2023, the decrease in motor vehicle license taxes was the result of the elimination of this tax.

<sup>e</sup>For 2018, the increases in hotel and motel room taxes and restaurant food taxes was the result of an increase in the tax rates.

# COMPLIANCE SECTION

This part of the City's annual comprehensive financial report is intended to demonstrate the City's compliance with various state and federal legal matters.

THIS PAGE LEFT BLANK INTENTIONALLY

**Independent Auditor's Report on Internal Control Over  
Financial Reporting and on Compliance and Other Matters  
Based on an Audit of Financial Statements Performed in Accordance  
with *Government Auditing Standards***

To the Honorable Members of City Council  
City of Harrisonburg, Virginia

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities, and Towns* and the *Specifications for Audits of Authorities, Boards, and Commissions*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Harrisonburg, Virginia (the "City"), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated November 26, 2025.

***Report on Internal Control over Financial Reporting***

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City's internal control. Accordingly, we do not express an opinion on the effectiveness of City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. **Given these limitations we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.**

### *Report on Compliance and Other Matters*

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. **The results of our tests did not disclose any instances of noncompliance that are required to be reported under *Government Auditing Standards*.**

### *Purpose of this Report*

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

*Brown, Edwards & Company, L.L.P.*

CERTIFIED PUBLIC ACCOUNTANTS

Harrisonburg, Virginia
