2. Sunset Heights Traffic Calming Plan

Staff will provide background on the Sunset Heights Traffic Calming Plan, explain the measures proposed for inclusion in the revised Phase II of the Plan, and provide information about the results of the neighborhood survey.

3. Access Management Standard

Staff will present information on the intention, guiding principles, and plan to adopt an access management standard into the City's Design and Construction Standards Manual. Access management involves regulating the minimum spacing between intersections and entrances, in order to provide separation between conflict points. Its primary purpose is to create a safer street design, resulting in fewer crashes.
