Why do you wish to serve on a board or commission?

I am already heavily involved with volunteer work through my position on the Parks & Rec Commission, SVBC board membership, HRAR LPAC committee, BOLD program, and a partnership program that I run for CWS Refugee Resettlement. I enjoy this engagement and giving back, so I would like to also help on this new committee that recently formed.

What relevant experience or education do you have to this board or commission?

This board seems to align with my background quite well. I live in Harrisonburg, own 6 houses in the city, work in the city as a Realtor and small business owner, and have two degrees in Environmental Resource Management from Virginia Tech. I feel like I understand the scientific, environmental impacts of development quite well because of my education background; I simultaneously understand the economic ramifications of regulations because of my current work.

What other interests or concerns do you have regarding the community?

Alternative transportation, education, affordable housing, immigrant issues, smart development

Please list any past or present community involvement e.g. City Council, Board and Commissions, Citizen Academy, etc. in Harrisonburg or elsewhere:
