

ORDINANCE ENACTING
SECTION 7-2-20
OF THE CODE OF ORDINANCES
CITY OF HARRISONBURG, VIRGINIA

Be it ordained by the Council of the City of Harrisonburg, Virginia:

That Section 7-2-20- Fluoridation of city water supply be enacted as shown:

Section 7-2-20. Fluoridation of city water supply.

- (a) The water department shall provide the means and introduce sodium fluoride, or other suitable salt or acid of fluorine, into the water supply of the city in such quantities as are required to maintain throughout the pipe distribution system a fluoride ion concentration approximating the optimum concentration recommended by the state department of health.
- (b) The water department shall keep an accurate daily record showing for each supply the number of gallons treated and the fluoride ion concentration of the water before and after treatment.

This ordinance shall be effective on the 25 day of Sept, 2017

ADOPTED AND APPROVED this 25 day of Sept, 2017.
