Type of Meeting: Harrisonburg City Council

Date of Meeting: Tue, 03/09/2021

Agenda Item Number: 8.a.

Comment:

Now that HCPS is beginning to work on plans for returning to schools in the fall, please add restarting the HHS2 construction project to your agenda ASAP. It is imperative that HCPS knows what to plan for moving forward for our students. Parents have many questions about how the high school will operate due to severe overcrowding when in person. This is an urgent matter that Council needs to address.

Comment:

Please consider placing the HHS2 restart on the next City Council Agenda. The restart expires soon and we need the City Council to buy the bond now. Bond prices are extraordinarily low, so it's a good time to purchase. Plus, our economy needs to needed boost through construction and laborer jobs that the HHS2 project promises. Of additional significance is our kids--it's a horrendously overcrowded place now, add in COVID, and it's an untenable situation. Our wonderful HCPS staff will be able to work and keep our children safe, but City Council needs to pledge that they care about our staff and students by saying that this mess will be alleviated by 2023, when HHS2 opens. If staff are forced to work while City Council keeps kicking the can down the road, morale will suffer. This Council does have tough choices to make, and I appreciate their dedication to our City. Council cares about the wellbeing of our students and the morale of our incredible teaching staff. Please vote to restart construction on HHS2 immediately.
