May 2024 Conceptual Layout

- May 2024 City Council unanimously approved the request to rezone the site from R-3 to R-8C.
- City Council tabled the SUP and asked for staff to work with the applicant on a condition to provide landscaping along the rear property line abutting the existing townhomes.
- After the meeting, the applicant post-posted both the rezoning and SUP applications.

Site plan of a proposed 16-unit residential development. The plan shows a rectangular lot with a curved frontage. Units are arranged in two rows: a front row of 8 units and a rear row of 8 units. Each unit is labeled with its area in square feet (e.g., 40,000, 20,000, 20,0375). The plan includes a 'Fence' line, a 'Drainage Easement' on the right, and various setbacks and dimensions. A north arrow is located in the center of the lot.

Create and maintain a landscape buffer of at least 10 feet in width along the rear property line adjacent to tax map parcels 77-N-26 through 31. The landscape buffer shall include at least eight large deciduous trees (as defined by the Zoning Ordinance) located within 20 feet of the same property line. Existing trees may be maintained and counted to meet the intent of this condition. The required trees shall be positioned along the entire length of the rear property line, rather than grouped together. Locations of such trees shall be permitted as approved by the Zoning Administrator.
