Why do you wish to serve on a board or commission? Citizens should be involved in the local government. It is easier to help council than simply complain.

## What relevant experience or education do you have to this board or commission?

I have a B.S. in Mechanical Engineering. Which gave me a little experience looking at zoning maps and economic impact. As a classifier of U.S. patents, I am accustomed to reading very detailed documentation and holding it for the public trust.

**What other interests or concerns do you have regarding the community?**

That the city is able to maximize its limited jurisdiction for the future growth and stability.

**Please list any past or present community involvement e.g. City Council, Board and Commissions, Citizen Academy, etc. in Harrisonburg or elsewhere:**

This is my first direct attempt to get involved.
