Request for Enrollment into Neighborhood Traffic Calming Program – Northeast Neighborhood

Dear Harrisonburg City Council,

Out of concern for the vehicular behaviors present on our streets, the residents of the Northeast neighborhood submit this petition to the City of Harrisonburg for active consideration for enrollment in the Neighborhood Traffic Calming Program. We understand that the City will, upon receipt of a valid majority (75 percent approval) petition, analyze relevant conditions to determine the impact of the proposed action. I understand the City must reserve the right to overrule the petition if there are extenuating circumstances detrimental to public safety, traffic operations, and/or neighborhood interests.

We have received 258 approval signatures out of 335 residents, thus satisfying the 75% needed.
