Sunset Heights Traffic Calming PETITION ATTEMPTS

[illegible]

Request for Enrollment into Neighborhood Traffic Calming Program – Sunset Heights Neighborhood

Dear Harrisonburg City Council,

Out of concern for the vehicular behaviors present on our streets, the residents of Sunset Heights neighborhood submit this petition to the City of Harrisonburg for active consideration for enrollment in the Neighborhood Traffic Calming Program. We understand that the City will, upon receipt of a valid majority (75 percent approval) petition, analyze relevant conditions to determine the impact of the proposed action. I understand the City must reserve the right to overrule the petition if there are extenuating circumstances detrimental to public safety, traffic operations, and/or neighborhood interests.

We recognize that if physical devices are recommended and installed as a result of this study and later deemed unwanted by the effected community, the responsibility for the cost of removal of these devices may be the responsibility of the neighborhood.

We have received 188 approval signatures out of 247 residents, thus satisfying the 75% needed.
