Why do you wish to serve on a board or commission?

I care about Harrisonburg's development and I would like to give some of my time to help our community improve in the coming years.

What relevant experience or education do you have to this board or commission?

I studied economics in University and worked as a policy analyst for the U.S. Congressional Joint Economic Committee, so I have knowledge of economic theory and how it can be used to inform policy decisions in a governmental organization.

What other interests or concerns do you have regarding the community?

I am particularly interested in urban planning and how the physical layout of our community can be designed to improve the lives of those living here. I hope to see our city continue to develop in a way that encourages strong, engaged communities.

Please list any past or present community involvement e.g. City Council, Board and Commissions, Citizen Academy, etc. in Harrisonburg or elsewhere:

I have volunteered with Skyline Literacy and the On the Road Collaborative. I have also attended many city council meetings as an observer.

As an extra note, I spend my summers away from Harrisonburg, so I will not be able to attend meetings in person from the middle of June until the middle of August.

-Please return completed application to the City Manager's Office-

Applicants are encouraged to attach a resume or other supporting information that may be helpful to Council in considering their application.
