**Name:** Zach Carlson  
**Type of Meeting:** Harrisonburg City Council  
**Date of Meeting:** Tue, 06/08/2021  
**Agenda Item Number:** 7.b., 7.c.

**Comment:**

I am the owner of Sage Bird Ciderworks on North Liberty Street. I see that Magpie is requesting street closures on multiple dates.

The Site map indicates that our parking lot will still be accessible. However, the city has decided to make that street a one-way for some reason, so the site map is no longer accurate and and closure on the street will make our parking lot completely inaccessible. This is another one of the numerous negative consequences and oversights in changing that street to one-way, but I digress.

I don't intend to object to these events, but I do want to ensure that future street closures require consent from all stake holders in the area that is impacted. We were not consulted before this application was submitted but we are the most impacted. Interests of all involved need to be considered.

Again, I am not objecting to these events, but I am wanting to ensure that we and other businesses in similar situations are considered in the process in the future.
