Yes

Which Boards would you like to apply for?

Environmental Performance Standards Committee (EPSAC): On Agenda

Interests & Experiences

Ms. Joy Loving

Please tell us about yourself and why you want to serve.

Why are you interested in serving on a board or commission?

In retirement I have focused on climate/environmental/sustainability-related activities, especially energy policy at the national, state, and local levels. I work on policy issues (including energy, water, and utility performance) with state-wide VA organizations and non-profits. I advocate for/against regulations and legislation to support/oppose those I see of major significance. My work experience as an analyst has served me well in my work on EPSAC and for local organizations noted elsewhere here. EPSAC serves an important advisory role and I believe I have made and can continue to make important contributions. Also, although I live in Rockingham County, I travel into Harrisonburg frequently for errands, appointments, services, pleasure, etc. I also have friends who are residents. What happens in the City affects my quality of life. My interest in continuing to serve is a result of all these factors.

What other interests or concerns do you have regarding the community?

I am part of the larger Harrisonburg/Rockingham community. As part of my CAAV activities, I focus on matters such as zoning and planning and periodically communicate with county staff, elected officials, and the school superintendent. Apart from those described in the prior question, I am quite interested in, and try to stay abreast of developments around water quality, transportation, broadband/internet connectivity, and parks/recreation; I weigh in when I feel it is relevant to my quality of life.

What relevant experience or education do you have to this board or commission?

I have a masters in Computer Information Systems. As a systems analyst I had to assist end users understand and communicate their needs to application creators and programmers. I had to hone my communication skills, my writing ability, and my managerial style. I worked with many and varied individuals. I was supervised teams and served as a project manager. All of these have been and will continue to be brought to bear on my work on EPSAC, if I am reappointed.

Please list any past or present community involvement e.g. City Council, Boards and Commissions, Citizen Academy, etc. in Harrisonburg or elsewhere:

EPSAC member, Focus Area 1, Buildings and Energy Skyline Literacy volunteer tutor and tutor trainer, and Board member
