Lutheran Family Services

Students who attend Minnick Schools come from their home school to us for specialized help so we can help them transition back to their home school.

Lutheran Family Services

All students are placed through their school using special public CSA funds.

We do not accept private pay, insurance or Medicaid.

Lutheran Family Services

We have strong relationships with public schools; currently 13 students from the city of Harrisonburg and 17 from Rockingham County attend our school.

Lutheran Family Services

Together with families, schools and communities, we work to help the children in our schools experience the brightest, most abundant futures.
