RE: Opioid Litigation Settlements

Summary: Request for approval of participation in proposed opioid litigation settlements – McKesson, Cardinal Health, AmerisourceBergen, and Janssen Pharmaceuticals, Inc.

Background: Attorney General Herring participated with other states' attorneys general in negotiating a settlement agreement totaling up to \$26 billion with pharmaceutical distributors McKesson, Cardinal Health, and AmerisourceBergen and manufacturer Janssen Pharmaceuticals and its parent company Johnson & Johnson. The participating attorneys general worked to set what they believe to be an equitable formula for splitting up settlement funds between the states.

Virginia is expected receive approximately \$530 million of the settlement funds, although the total amount depends on participation rates among political subdivisions both in Virginia and elsewhere. Under Virginia's proposed Settlement Fund Allocation Memorandum of Understanding, 15% of settlement funds will go directly to political subdivisions for general use, and 10.5% will go to political subdivisions for Approved Abatement Purposes, such as efforts to treat and prevent opioid addiction and misuse.

Key Issues: The Commonwealth of Virginia has elected to participate in the proposed settlements and recommends that localities participate as well.

Environmental Impact:

Fiscal Impact: To be determined based on participation and allocation. Settlement payments, if approved, would occur over multiple annual payments.
