Name: Erin Bishop

Type of Meeting: Harrisonburg City Council

Date of Meeting: Tue, 04/13/2021

Agenda Item Number: 7. C - Rezoning

Comment:

I am using this agenda item as an opportunity to express my support for resuming the construction of the second High School.

If City Council is unable to adequately fund the existing needs identified by the School Board to educate the City's children, any further action this council takes to increase density and total population of the city would be negligent to that duty.

With every vote to increase density; to add new developments through any means other than what is currently allowed by right; further demand and pressure will be put on the city's school system.

I think it would be irresponsible for Council to take action to encourage growth and increase density without a parallel commitment to adequately funding the school system that is already overcrowded.

To be clear, mine is not a comment against growth, but a reminder that our city must be able to provide the services that growth would require.

Thank you for listening to my concern.

Name: Anthony Bopp

Type of Meeting: Harrisonburg City Council

Date of Meeting: Tue, 04/13/2021

Agenda Item Number: Public comment

Comment:

The street dept has indicated it may close Heatwole Rd due to speeding-25 mph. If speeding is a criteria for closing a road, Central St. would have been closed long ago. With delivery trucks, buses, trash trucks often on Sharon, Perry, Hope and Laurel sts. Heatwole provides a safer way out of the neighborhood. Please don't close it. Thank you.

Name: Wendy Kern

Type of Meeting: Harrisonburg City Council

Date of Meeting: Tue, 04/13/2021

Agenda Item Number: 000

Comment:

Hello. I would like to respectfully request that we find a resolution to the land swap that the county has discussed with you regarding 165 Carpenter lane in Harrisonburg. This is something that the county council has agreed upon and we are waiting for a decision from Harrisonburg. Thank you.
