Interests & Experiences

Jonas Shepherd

Please tell us about yourself and why you want to serve.

Why are you interested in serving on a board or commission?

I want to get involved in local government because I have a whole lot of ideas about how to improve our city for everyone. I think that my identity and skill set will be extremely valuable to the city as a whole and I can represent a large portion of residents.

What other interests or concerns do you have regarding the community?

I am interested mostly in urban fabric, transportation, equality, representation, planning, zoning, and building ordinance. I am concerned that the city is too expansive and is hostile to pedestrians, cyclists, and people who cannot drive. I want to be able to make all parts of the city accessible to everybody.

What relevant experience or education do you have to this board or commission?

I am in the process of earning my undergraduate degree in Urban Planning. I have also taken a few architecture design courses and civil engineering courses. Although I do not have a professional background, I will someday and I believe this is a fantastic start to aid in my credibility.

Please list any past or present community involvement e.g. City Council, Boards and Commissions, Citizen Academy, etc. in Harrisonburg or elsewhere:
