Interests & Experiences

Please tell us about yourself and why you want to serve.

Why are you interested in serving on a board or commission?

Coming from Los Angeles, it's insanely hard to get involved with your local community. It's all about who you know and not so much how much you want to help. I promised myself that when my husband and I left, I'd try and be involved locally as it was something I felt was missing from my life in California. With the world in the state it is currently with the effects of global warming, I want to do my part in helping guide Harrisonburg towards being a leader in making a difference for the world we live in.

What other interests or concerns do you have regarding the community?

As a Black woman in America, my concern anywhere I've gone in recent years is safety. I just seen a news story about a hate group in VA and it'd be wonderful to help keep Harrisonburg a peaceful place where nothing but being a good person matters.

What relevant experience or education do you have to this board or commission?

I'm a freelance writer and have been for over a decade. That means that I am insanely organized and great with time management and keeping things moving along. I'd like to bring my attention to detail and drive to the board.

Please list any past or present community involvement e.g. City Council, Boards and Commissions, Citizen Academy, etc. in Harrisonburg or elsewhere:

In Los Angeles I was a volunteer for the Big Brother Big Sister Program.
