Interests & Experiences

Please tell us about yourself and why you want to serve.

Why are you interested in serving on a board or commission?

I am a Virginia Master Naturalist-in-training and a career landscape gardener interested in supporting the ecological function and resilience of public and private places, and in educating the public on the benefits of such efforts.

What other interests or concerns do you have regarding the community?

Helping promote public education involvement in decision making to build a thriving and deliberative community. Social justice, housing affordability and care for the aging are issues

What relevant experience or education do you have to this board or commission?

Career-long involvement in selecting, planting, and maintaining green spaces both residential and institutional (VMRC, JMU). A particular interest in use of native plants as a way to optimize the ecosystem services these spaces provide.

Please list any past or present community involvement e.g. City Council, Boards and Commissions, Citizen Academy, etc. in Harrisonburg or elsewhere:

Some involvement prior to retirement, primarily through church and school based projects. I see retirement as an opportunity to provide service in new ways.
