Why do you wish to serve on a board or commission?

Having lived in the city for a bit over a year now, I am interested in improving the quality of life for city residents. The process involves any number of strategies, not the least of which is the development of opportunities for mental and physical activities. The Parks and Recreation Department, to my view, is doing an excellent job fulfilling this community need and I would like to help it continue in that vein.

What relevant experience or education do you have to this board or commission?

I have relatively little experience with the board and/or city commission. I am a member of the community activities center at Westover and am an individual that consistently utilizes city parks and facilities. As a former high school coach and current Shenandoah Basketball Officials' Association member, I am aware of the importance of community activity.

What other interests or concerns do you have regarding the community?

As a former Page County farm dweller, living in the city of Harrisonburg has tweaked my interest regarding a number of issues. My wife and I love the library. We are concerned about the traffic patterns of some of the neighborhood areas where we live, particularly those areas with high populations of younger children. The cleanliness of the city is also an area where I/we would like to see improvement. Street trash is an issue of impression.

Please list any past or present community involvement e.g. City Council, Board and Commissions, Citizen Academy, etc. in Harrisonburg or elsewhere:

I have no Harrisonburg involvements. In Page County, I had been a member of the SPCA Board and a volunteer, through my senior government classes at Luray High School, at the Shenandoah Volunteer Farm in Woodstock, Virginia. I was recognized by the Page County Sheriff's Department for my community volunteer work to the Page County community. I was also a member of the Luray Little League Board of Directors.
