### Why do you wish to serve on a board or commission?

I have always adored the City of Harrisonburg and would love to be able to be a part of its bright future. I grew up in Rockingham County but when I was able to purchase my first home I made sure it was in Harrisonburg. I see first hand everyday as a loan officer the importance of economic development in our community especially in the financial sector. I work for a company that values this community as much as I do and get to play a big role in helping out and volunteering in our city. I also believe if you want change or want something better for your community you must make sure you are involved and doing everything in your power to make a positive impact. I believe in being the change that you want to see.

### What relevant experience or education do you have to this board or commission?

I have had the opportunity to work with a lot of local businesses in our area as a loan officer. Working in the financial industry has taught me a lot about our local economy and the importance on contuined postive economic development. I have served as Chairman of Dupont's Corporate Chairity in 2013. I was in charge of cordinating all fundrasing campaigns and working with our local charity that we served that year. I had to report that progress back to our board and president. Even when I wasn't Chairman of our committee I always volunteered for as many community service events possible.

**What other interests or concerns do you have regarding the community?**

That we continue to move forward in a positive direction and keep doing everything possible in the interest of our city's residents.

**Please list any past or present community involvement e.g. City Council, Board and Commissions, Citizen Academy, etc. in Harrisonburg or elsewhere:**

Chairman, Dupont Community Credit Union's Corporate Charity, 2013, Charity was The American Cancer Society's Harrisonburg Chapter
