# HCAP Updates

## Updated Ranking Form

- Goals
  - Increase confidence that Application A is better/worse than Application B
  - More defensible categories and subcategories
  - Better align pollutant removal rates and cost efficiencies
- No minimum score being set at this time

# HCAP Updates

## Outreach Plan

- Increase interest and signups
- Distribute info about the program
  - Social media posts
  - Newsletter
  - Flyers
- New Ideas
  - Create informational videos about the practices
- Share with your friends, colleagues, neighbors!

# MS4 Annual Report

- Individual Group Stream Cleanups
  - BRCD cancelled due to COVID-19
  - 21 volunteer groups collected and removed 1.9 tons of trash
- Only 9.5% of our 1265 constructions inspections yielded a potential violation
- Investigated and cleaned 23 illicit discharges
- Converted just over  $\frac{3}{4}$  acre of turf into pollinator meadows
  - Planted another  $\frac{4}{10}$  acre of flower beds in pollinator plants
- Planted almost 450 trees last year
- 11 septic to sanitary sewer connections
- Working with DEQ to get Purcell bioreactor approved as a creditable BMP. VT, JMU, HRRSA helping with sampling.
