Subject:

Consider a Resolution requesting the addition of 1.40 lane miles of Principal/Minor Arterial Streets be incorporated into VDOT's Urban Maintenance Program. The additional lane miles represent the recently completed Reservoir Street Improvement Project

Presented By: Thomas Hartman, PE, LEED AP, Assistant Director of Public Works

Through the Urban Maintenance Program the City receives quarterly payments based upon a formula that is based on street lane miles. These payments are used by Public Works for routine maintenance activities associated with the streets in the City. It should be noted that the maintenance formula is based only on traveling lane miles for motorized vehicles.
